## Part II. Description of Curriculum Change

(This note precedes the "Course Descriptions" listed in the Undergraduate Catalog)

Note: Except for Accounting, Business Education, and non-business majors
who have met the required prerequisites, students scheduling 300 and 400
level courses are expected to have achieved Junior Standing as described in
the Eberly College of Business and Information Technology Academic
Policies.

## 2. Current Description:

Note: All courses at the 300 and 400 level are open only to students with junior or senior standing. All students, regardless of major or program affiliation, must meet course prerequisite requirements in order to enroll for a given course. Business majors (except those majoring in Business Education) who have not achieved junior standing are normally not permitted to enroll in 300 or 400 level courses.

## Proposed Description:

Note: Except for Accounting, Business Education, and non-business majors who have met the required prerequisites, students scheduling 300 and 400 courses are expected to have achieved Junior Standing as described in the Eberly College of Business and Information Technology Academic Policies.

3. Rationale: This revision is intended to identify those students needing to schedule certain courses because of sequence limitations and program requirements while maintaining the integrity of the accreditation standard that expects business majors to have completed certain liberal studies and business courses prior to moving on to the next level.

## Part III. Letters of Support and Acknowledgement

These revisions will not affect any other academic discipline.
