 approved the inclusion/deletion or changes listed above to the appropriate Master Class Card File.

M. Jaeger 2/22/88
 CHAIRMAN

Howard C. Longard 2/22/88
 DEAN OF SCHOOL

CHARM OF CURR. COMM/GRAD COUNCIL DATE

Justification:

Health Hazard Evaluation is now required to be taken the semester immediately prior to the internship. The internship is the last course the student will take and it is a senior level course. Therefore the number change will be consistent with the department system for the various levels of class standings and prerequisites.

Catalog Description:

SA 402 Health Hazard Evaluation

2c-31-3sh

Prerequisites: SA 301, PY 112, MA 217

A lecture/laboratory course which provides a basic understanding of techniques used in measuring and evaluating the magnitude of health hazards in industry. Laboratory sessions provide experience in air sampling, noise measurement, heat measurement, particle size analysis, chemical analysis, and evaluation of industrial ventilation systems.
