**IUP COUNCIL OF TRUSTEES EXECUTIVE SESSION**

The IUP Council of Trustees met in Executive Session this afternoon and at special meetings on June 29, 2012, and August 16, 2012, to discuss personnel issues, collective bargaining/labor relations matters, acquisition of real estate, litigation, and other privileged and confidential matters.

## **READING AND CONSIDERATION OF THE MINUTES**

The following motion was approved:

**THAT THE MINUTES OF THE MEETINGS OF THE COUNCIL OF TRUSTEES HELD ON MAY 10, 2012; JUNE 29, 2012; AND AUGUST 16, 2012, BE APPROVED.**

## **REPORT OF THE PRESIDENT**

Dr. Driscoll thanked the Council of Trustees and the community for their warm welcome. He said his wife, Becky, and he are very happy to be here. He welcomed council members back to campus for the first meeting of the academic year and said he is enjoying his first meeting with the Council of Trustees.

Dr. Driscoll reported that the students have come back, and a number of things are happening on campus. The freeze enrollment numbers have not yet been finalized, but IUP will have around 15,300 students this year, which he believed would make IUP the largest university in the Pennsylvania State System of Higher Education and would break the university's record for enrollment.

Welcome Weekend was impressive, with thousands of people moving into student housing. Dr. Driscoll said he has never seen such a well-organized and regimented move-in process for students and their families. He heard many comments about how wonderful the campus looks and how well the move-in process went for everyone.

He also called to council members' attention some of the great things that happened at Freshman Convocation, including remarks by trustee Andrew Longacre and Professor Ben Rafoth. The speeches are available for viewing on YouTube and elsewhere. The speakers talked about achievement and focusing on goals moving forward, which is a good message for everyone at the university, not just students.

As students are oriented over the summer, so are new faculty members. Under the direction of Mary Anne Hannibal, new faculty members spent several days in August learning about the tools IUP offers them to do their jobs, about academic policies, and about the wonderful community of Indiana. Those who presented information, who are listed in the docket, have done a wonderful job getting new faculty members on campus and engaged moving forward.

Last weekend, hundreds of students attended the annual IUP Day, which is organized by the Student Affairs staff and by students. The purpose of the event is to expose the students to all of the wonderful opportunities for leadership and other activities on campus. President Driscoll said he had a minor role with his wife, Becky, in scooping ice cream for the students. He believes they went through 30 gallons of ice cream, so the students were hungry and had a great time. They will find great opportunities for activities with IUP organizations, student clubs, fraternities, sororities, and all sorts of other experiences.

This evening, the university will celebrate the promotion of 12 faculty members to the rank of professor and 20 to associate professor. Being promoted is very hard work and an arduous process, Dr. Driscoll said, and he congratulated the faculty members in moving ahead in their careers, which benefits everyone at IUP in a significant fashion.

This weekend, the university will induct 12 men and 2 women into the IUP Athletic Hall of Fame. In addition, there will be two new honorary members, Walt and Sue Lewis. The newest honorees represent six different sports. After the luncheon in their honor on Saturday, IUP will welcome roughly 200 donors and fans to its second football pregame party. The day's events give IUP a chance to salute excellence in athletics and the generosity of people who provide philanthropic support to student-athletes.

He also highlighted the University Museum's display on IUP history and encouraged council members to visit it. The exhibit gives a lot of history about the leaders of the institution over time and about the people for whom buildings are named. He made note of an old issue of *IUP Magazine* featuring Council of Trustees Chair Susan Delaney, the first person for whom a Residential Revival building was named.

This year's First Commonwealth Bank Endowed Lecture will feature J. R. Martinez, an Iraq War veteran, actor, and motivational speaker. The lecture will take place in the Performing Arts Center on September 27, and President Driscoll encouraged council members to attend. Martinez's experience runs the gamut, from wounded veteran to daytime actor, from CNN documentary narrator to winner of the *Dancing with the Stars* television show. He thanked First Commonwealth Bank and the Student Cooperative Association for bringing another interesting and stimulating speaker through the series.

Homecoming is just around the corner on October 6, and IUP will welcome thousands of alumni back to Indiana for what will be Dr. Driscoll's first Homecoming, he noted. The event is as much for current students as it is for alumni and the community. The Alumni Relations office and Student Affairs staff members are hard at work to provide numerous student-oriented activities. Dr. Driscoll said he looked forward to seeing council members at Homecoming events. He mentioned he was hoping for good weather for the outdoor activities.

In conclusion, he thanked the many staff members who work so hard to put the Council of Trustees meetings together every quarter. The work that they do will start tomorrow for the next meeting, he said. He thanked, in particular, Patti Krausslach for her work in making sure the meetings run smoothly.

The following motion was approved:

**THAT THE REPORT OF THE PRESIDENT BE ACCEPTED.**

## **REPORT OF THE ADMINISTRATION AND FINANCE COMMITTEE**

Gealy Wallwork was re-elected chair of the Administration and Finance Committee and presented the following report:

The Administration and Finance Committee reviewed and discussed the items appearing on pages 1 through 11 in the Docket Report and in Exhibits 1 through 7, which depict the highlights of the Administration and Finance Division.

**THAT, AS REQUIRED BY ACT 13 AND ACT 188, PROCUREMENTS AND SERVICES NEGOTIATED OR AWARDED BY THE PRESIDENT FROM APRIL 1, 2012, THROUGH JUNE 30, 2012, FOR \$111,883,552.10, INCLUDING CARD PURCHASES AS SHOWN IN EXHIBIT 5 OF THE DOCKET REPORT, BE APPROVED.**

### **Fiscal Year 2012-13 Educational and General Budget**

The committee reviewed the Fiscal Year 2012-13 Educational and General Budget. The July 9, 2012, assumptions from PASSHE were incorporated in the budget projection. PASSHE state funding remains the same as Fiscal Year 2011-12, with no increase or decrease. With level funding, IUP received an additional \$985,061 in state appropriations as a result of the allocation formula. A 3 percent increase in both tuition and the Technology Fee increase was approved. The performance funding allocation will be determined before the October Board of Governors (BOG) meeting. Based on conservative enrollment projections; increases in salary, wage, and benefit expenses for all bargaining units; and IUP's projected expenditures, the budget is presently balanced. This was accomplished by all divisions' reducing expenditures by more than \$1.1 million through permanent reductions in Fiscal Year 2012-13.

## **Emergency Operations Plan**

The IUP Public Safety and University Police Department sponsored an Active Shooter Drill in cooperation with several area agencies and IUP departments on Saturday, July 14, 2012. The drill was intended to exercise the emergency personnel response to an active shooter/bomb threat scenario.

The drill tested IUP's Emergency One Call Now system and the outdoor speaker system. Coordinated agency response, bomb detection, hospital readiness, ambulance response, fire safety readiness, and many other possible components that would occur in an actual emergency were also tested. Communications Media is working with Public Safety and University Police to develop a documentary of the drill for possible use in emergency readiness education.
