

Dear IUP Student:

You have received this letter because someone has identified you as a student who may need assistance from one or more of our offices. It is very important to us that you be aware of these resources on campus; they are a way to provide assistance and support to you during this potentially difficult time.

We, at IUP, value your privacy and, for that reason, will not contact you directly. We may not even know who you are at this time. This letter lists services we offer because we are concerned about your well-being and want to be of help. It will be up to you to decide when or whom to contact.

Additionally, please e-mail [iup-hawks@iup.edu](mailto:iup-hawks@iup.edu) or contact me directly as I can assist you in deciding which offices may be most helpful to you.

Sincerely,

Rhonda H. Luckey, Ed.D.
