\* where applicable

Part II. Description of Curriculum Change: Change of Course Title, Change of Prerequisites, and Change of Catalog Description

*New Course Description*

1. HPED 280 Aquatic Facilities Management 2c-01-2cr

**Prerequisites: None**

An organizational and administrative course to prepare the aquatic professional for management of indoor and outdoor facilities. Includes facility design, safety procedures activity, and sport and recreational aspects.

*Old Course Description*

2. HPED 280 Aquatic Facilities Management 2c-01-2cr

**Prerequisites: HPED 264**

An organizational and administrative course to prepare the aquatic professional for management of indoor and outdoor facilities. Includes facility design, safety procedures activity, and sport and recreational aspects. Taught in Summer only.

*Justification for the Change*

Many professionals in the sport management field are employed at venues that have a swimming pool at the complex. These students need the management principles that are unique to swimming pool operation but do not need the swimming expertise that the previous prerequisite provided. The North American Society of Sport Management (NASSM) includes sport facilities management expertise in their standards but not swimming expertise.
