Justification

Name Change:

It is critically important in the field of deafness to be current in the use of the terminology reflective of the field. The currently accepted terminology to describe individuals who have a type of hearing loss is: Deaf or Hard of Hearing (abbreviated D/HH). The names of all major courses should reflect the current terminology.

Number Change:

This course is intended to be one of several capstone courses, which synthesizes much of the information learned during the sophomore and junior years. It is appropriate for this course to have a 400 level designation to more clearly represent the level at which the course should be taken.

Prerequisite Change:

The Pennsylvania State Department of Education currently mandates that students maintain a minimum 3.0 GPA in all major courses and in their coursework overall.
