b. Course Changes

Add 3 credits of math

Remove HIST 203 U.S. History for Historians

Add HIST 204 U.S. History to 1877

Add HIST 205 U.S. History since 1877

3. Rationale for Changes

Adding 3 hours of math

PDE requires all education majors to have 6 hours of math

Dropping HIST 203

The History Department will no longer offer HIST 203

Adding HIST 204 and HIST 205

These courses will replace HIST 203 and provide a broader background in U.S. history.. The two-course U.S. History sequence fulfills PDE Chapter 4 requirements.

Part III. Implementation

1. Effects on students in existing program
Effects on students are expected to be minimal
2. Effect on teaching loads
No effects. The changes are in other disciplines.
3. Other resources
No additional resources will be needed
4. Student Numbers
We anticipate no change in overall student numbers

The Pennsylvania Department of Education changed the course and certification requirements for Social Science education majors. To conform to the new PDE requirements, the Bachelor of Science in Education – Social Science Education/Economics Track added three hours of math and a year-long U.S. history survey course. PDE requires social studies education programs to prepare students to teach the Chapter 4 standards. The Chapter 4 history standards include U.S. history. The PDE replaced the Social Science certification with two certifications, Citizenship Education and Social Science Education. Students whose concentrations are in history, geography, economics or political science will apply for Citizenship Education certification. They will no longer be licensed to teach psychology, anthropology or sociology in Pennsylvania. Those three concentrations will apply for Social Science Education certification
