**2. A summary of the proposed revisions**

EL 257 (new course number) Pedagogy I  
Prerequisite: **Remove Junior status**

**3. Justification/rationale for the revision**

We have determined that students need the content of EL 257, especially unit and lesson planning, to apply to other methods courses prior to the junior year. The course is currently being offered to majors on the Sophomore Block.

In response to the committee, Admission to Teacher Certification should not be a prerequisite for EL 257. No major course includes this requirement for enrollment.

**4. The old syllabus of record**

El 356 Pedagogy I  
Prerequisite: Junior status

This prerequisite listing of junior status on the old syllabus is the only difference in the old and new syllabi.

**Part III Letters of Support**

No letters of support are necessary.
