NOTE: This form is only for programs that are moving credits to the free elective category. Please include all of the items where the numbers add up to 120 in your program. You will not need a rationale or the implementation section if you are able to use this form, but please include a UWUCC cover sheet and send it through the regular curricular approval process.

***NOTE:** You only need to fill in minor hours if your major requires a specific minor. If you do not require a specific minor, please leave blank.

Rationale: Even though it states here that the health and wellness requirement is fulfilled by major, this is an incorrect statement (an error in the undergraduate catalogue). The 3 credits of health and wellness elective are indeed included in the 48 credits shown here, and not in the 59 credits for the program outlined below. The 48 credits shown above also assumes an 8-credit natural science option.
