Liberal Studies

Part II. Description of the Curriculum Change

1. The course SAFE 462 Radiological Health is to be deleted from the IUP Undergraduate Catalog.

2. Justification / Rationale

SAFE 462 is dual listed with SAFE 562. Whereas this course is being taken every year by students in the masters curriculum (MS in Safety Sciences), no undergraduate students take the course as an elective. In addition, whereas SAFE 562 has been approved by the IUP graduate curriculum committee as being distance education, it has never been approved for distance education by the undergraduate curriculum committee. Given that no undergraduate students take this course which has not been approved for distance education by the undergraduate curriculum committee, it is being requested that the course be deleted in the undergraduate curriculum catalog.

3. This deletion should not affect existing courses or undergraduate program since no undergraduate students take this course.
