

# College of Education and Educational Technology

## Honors Track Application

---

The COE-ET honors track is a program designed to provide students advanced study in the areas of learning and instructional theory, motivation to learn, assessment of student learning, classroom management and the psychology of adolescent education. Students will also participate in a unique internship experience. The honors track is encouraged for exceptional students in the field of education and is open to all education majors (early childhood, elementary, special education, music, art, health and physical education, and secondary education) with at least a 3.25 QPA in total high school or university coursework. This application should be filed with the Honors Track Advisor.

\*Honors coursework is recorded on university transcripts and students completing the College of Education and Educational Technology Honors Track will be recognized at departmental commencement ceremonies and at the university's main ceremony.

---

### INSTRUCTIONS:
