

TECH DAY

WED. AUG. 21, 2019

8:30AM-4:30PM

TECH DAY IS A FREE EVENT WITH SESSIONS COVERING A BROAD SPECTRUM OF TECHNOLOGY-RELATED TOPICS. ALL SESSIONS WILL BE HELD IN STOUFFER HALL. ALL IUP EMPLOYEES ARE INVITED TO ATTEND.

SPONSORED BY THE COLLEGE OF EDUCATION & COMMUNICATIONS

8:30 a.m. - 9:00 a.m.

Opening Remarks

Dr. Lara Luetkehans, Dean of The College of Education and Communications

&

Logistics and Welcome: Nancy Evans & Holly Rougeaux

9:00 a.m. – 9:50 a.m. Sessions

Session	Presenter (s)	Location	Description
Getting Out Your Message and Getting the Most out of MyIUP	Mr. Eric Barker	Stouffer 113	Learn how to get your news and events into MyIUP so you can get your message out to the university community. Explore options for sending MyIUP announcements, seeing the student view of MyIUP, and getting the most out of the MyIUP portal in this interactive session.
Dell Products Expo	Dell Representatives	Stouffer 138	Explore Dell products and devices before you purchase. Various Dell products will be on display with representatives available for Q&A.
Serendipitous Information Discoveries	Ms. Emily Szitas	Stouffer 140	Connecting to information resources does not require the user to know the name of an author or an exact title. Years ago, serendipitous discovery might had been limited to browsing the library shelves, however today new possibilities for 'lucky' discoveries of information have emerged in digital environments. Examples include apps such as Browzine, topic alerts and RSS alerts, as well as navigational tools are embedded in databases.
Institutional Review Board (IRB) for the Protection of Human Subjects: Submitting a Protocol through IRB Manager	Dr. Timothy Runge	Stouffer G1 (Lab)	All IUP researchers who engage in data collection procured from human subjects must receive approval from the IRB. Researchers must submit their IRB protocol via the IRBManager system. This workshop will review the IRBManager system and tips to make your IRB approval process more efficient.
Tech Tips for English Language learners: Making Technology works for Literacy Instruction in multilingual classrooms	Mr. Hany Zaky	Stouffer G16 D (Lab)	Among the plethora of technological platforms, ESL adult educators suspiciously choose specific platform as a tool for literacy differentiated instructions. The presenter shares some technologies that could enervate teachers tensions as delivering the literacy instruction in mixed reading abilities.
New Faculty Technology Orientation	Mrs. Amanda Marshall	Stouffer G17 (Lab)	This workshop provides an overview of computing accounts, MyIUP, instructional technologies, available software, the IT support structure, use/demonstration of the instructor station, and other technology resources.

10:00 a.m. – 10:50 a.m. Sessions

Session	Presenter(s)	Location	Description
Flipped classroom and English language learners: Team- based learning (TBL) and adult learners' structured classrooms	Mr. Hany Zaky	Stouffer 112	Current educational practices and cognitive-developmental theories emphasize the importance of active participation in learning environment. They suggest that the first, and arguably most important, step to creating a better learning environment is to make learning an active and reciprocal process. Flipped classrooms, in which students learn the primary course content outside of class, have gained recent popularity. Many institutions have established flipped classrooms and recorded the method's effectiveness. One key component to the flipped classroom is the absence of traditional lectures inside the classroom. How to effectively structure the classroom creates a unique challenge for instructors who are unsure of how to spend class time. In this session, the presenter shares Team-Based Learning (TBL) as one way to effectively structure a flipped classroom environment within ESL context. Key-words: Flipped classroom, English Language Learners, Team- based Learning (TBL)
Are You Ready for Green Dot IUP? (Part 1 of 2)	Certified IUP Green Dot Trainers – Ms. Susan Graham	Stouffer 113	Have you wanted to get Green Dot trained and just haven't found the time? Come to the Green Dot Bystander Intervention Training during Tech Day before classes begin! Implementation of Green Dot at IUP is in its final phases and will be presented to our students in a big way this semester. This is your chance to be Green Dot trained to support our students as they begin doing Green Dots, creating positive culture change, and making our campus safer! This training is open to all faculty, staff, administrators, and graduate students. This is a ninety-minute training. There will be two consecutive sessions, and you must attend both sessions. Participants will receive a certificate indicating they are Green Dot trained upon the completion of the training. Training will be presented by two IUP Certified Green Dot Trainers.
Dell Products Exp	Dell Representative	Stouffer 138	Explore Dell products and devices before you purchase. Various Dell products will be on display with representatives available for Q&A.
MS OneNote - Workshop – Part 1 of 2 RSVP Here!	Ms. Tiffany Thompson, Senior Educational Technology Consultant	Stouffer G1 (Lab)	Learn MS OneNote during this hands-on workshop. Space is limited so RSVP sooner than later. Please note this is a double-session. RSVP Link: https://forms.office.com/Pages/ResponsePage.aspx?id=105wluGjuEu6kYtj7halPuhU-6whnKVlrjFdhKhEcWhUM1Y3TFhCN0IXVkdZRjdaR1RFVDJHTzRaVS4u
Speare: A Modular, Web-based Drafting Tool for Writers	Dr. Daniel J. Weinstein	Stouffer G16 (Lab)	(1) In the study of creativity, ideation is the collective name given to practices designed to help people generate, develop, and evaluate ideas (2) In the context of computer software, idea processor is the collective name given to a class of digital tools whose design features support ideation. (3) Speare, a web app, is one such tool: designed to be used at generative moments in a writing project, Speare is a browser-based idea processor that allows writers to easily capture and work with small units of content, stockpiling them, then building longer texts within and around those notes to create any kind of document from the inside out. This session is a workshop in which participants will be able to try Speare to see what it's like to write with the program, solo and with others, in its modular and emergent way.
Exploring D2L with New Teaching Associates and Teaching Faculty Members	Dr. Jiawei Xing	Stouffer G17 (Lab)	Tailored towards those new teaching associates and faculty members, this session seeks to disseminate fundamental skills needed to start a course creation and management on D2L. To that end, the session will walk the audience through the basics for using D2L, including course activation and creation for content, assignment, and discussion, etc. The session is offered to novice instructors; expert instructors are encouraged to attend sessions providing advanced management of the program.

11:00 a.m. – 11:50 a.m. Sessions

Session	Presenter(s)	Location	Description
Social Media Projects	Dr. Peter Sorrell	Stouffer 112	In this session, I will discuss my experience using different kinds of social media projects in the classroom since 2008. I draw some conclusions about how the digital natives v. digital immigrants divide has become more complex in recent years, based on my recent adoption of open-ended social media projects in the freshman writing classroom. I plan to speak for about 20 minutes and then discuss with the audience in a roundtable format after that.
Proposal for Green Dot Bystander Intervention Training (Part 2 of 2)	Certified IUP Green Dot Trainers – Ms. Susan Graham	Stouffer 113	Have you wanted to get Green Dot trained and just haven't found the time? Come to the Green Dot Bystander Intervention Training during Tech Day before classes begin! Implementation of Green Dot at IUP is in its final phases and will be presented to our students in a big way this semester. This is your chance to be Green Dot trained to support our students as they begin doing Green Dots, creating positive culture change, and making our campus safer! This training is open to all faculty, staff, administrators, and graduate students. This is a ninety-minute training. There will be two consecutive sessions, and you must attend both sessions. Participants will receive a certificate indicating they are Green Dot trained upon the completion of the training. Training will be presented by two IUP Certified Green Dot Trainers.
Dell Products Expo	Dell Representatives	Stouffer 138	Explore Dell products and devices before you purchase. Various Dell products will be on display with representatives available for Q&A.
Connecting Students to the Library in D2L and Moodle: Providing Resources, Instruction, and Support	Ms. Carrie Bishop	Stouffer 140	Whether your classes are online, in-person or hybrid, embedding library resources and services in your D2L or Moodle course gives your students easy access to the library resources, instruction and support they need to complete course assignments and improve their information literacy skills. Carrie Bishop, IUP's Distance Learning Librarian, will provide an overview of the range of options available for connecting students to the library including embedding videos and tutorials and adding a librarian to the course.
MS OneNote RSVP Here!	Ms. Tiffany Thompson, CEO, Senior Educational Technology Consultant	Stouffer G1 (Lab)	Part 2 of MS OneNote Workshop RSVP Link: https://forms.office.com/Pages/ResponsePage.aspx?id=105wluGjuEu6kYtj7halPuhU-6whnKVlrjFdhKhEcWhUM1Y3TFhCN0IXVkdZRjdaR1RFVDJHTzRaVS4u
Tips for Teaching using Zoom Video Conferencing	Dr. Jacqueline McGinty	Stouffer 258	This session will focus on best practices for teaching using the Zoom video conference system. Teaching students both in the classroom and at a distance challenges us to think differently about our teaching practices. In this session, we will explore ways to create engaging and collaborative learning environments by connecting classroom and distance students. Come learn about these new opportunities to course set up and delivery, and features in Zoom that expand collaborative opportunities.

12:00 p.m. – 1:00 p.m. Lunch on Your Own

1:00 p.m. – 1:50 p.m. Sessions

Session	Presenter(s)	Location	Description
Tips and Tricks for Successful Supervision – Using Tech Tools In and Out of the Field	Dr. Mariha Shields & Dr. Kaylee Wynkoop	Stouffer 112	Participants will learn technology-based tips and tricks to help facilitate efficient and effective supervision of student teachers and pre-student teachers. Tips and tricks include use of a portable projector to hold post-observation conferences, completing online supervision evaluations and observation forms, and digital systems for scheduling conferences and observations.
Using Tophat to Facilitate Active Learning in the Classroom	Dr. Katie Farnsworth	Stouffer 113	Tophat is an active learning platform that can be utilized within the classroom to engage students, even in large lecture classes. It allows for all students to engage in the material and discussion, while also providing them with the lecture materials directly to their devices. We will walk through some demonstrations, as well as discuss the pros and cons of a BYOD (Bring Your Own Device) class where technology use is encouraged during the class time. Bring your smartphone, tablet or laptop to get the chance to see what the students see as Tophat will be used in this session.
Dell Products Expo	Dell Representatives	Stouffer 138	Explore Dell products and devices before you purchase. Various Dell products will be on display with representatives available for Q&A.
Fly a Professional-Model drone!	Dr. James Lenze & Mr. Chris Barber	Stouffer 140 – Outside	Participants will accompany licensed pilots to a nearby field where they will take turns in the roles of operator, air safety spotter, ground safety spotter, and director. You'll make a short film suitable for the Oscars. Okay, not the Oscars. But your family will be impressed! Applications of this technology, safety considerations, and the licensure process will be briefly discussed. RSVP Link: https://forms.office.com/Pages/ResponsePage.aspx?id=105wluGjuEu6kYtjZhalPuhU-6whnKVlrjFdhKhEcWhURTVUT0M4QkJHU1AyU0IST0xWVExNRVdKUy4u
Have a Fabulous Fall with FlipGrid!	Dr. Susan Sibert	Stouffer G16 D	Flipgrid is a free, online technology tool which can be used in or out of the classroom, including online learning. Join this session to learn how you might consider using this versatile tool for various applications, including classroom activities and assessment (yes, assessment)! This session is applicable to any subject area or major, any discipline, any level of learner. Flipgrid is also a great alternative for reluctant writers. P.S. It's fun! Smile, you are on camera! Start using this tool right away!
MS Forms RSVP Here!	Ms. Tiffany Thompson, CEO, Senior Educational Technology Consultant	Stouffer G1 (Lab)	MS Forms Workshop RSVP Link: https://forms.office.com/Pages/ResponsePage.aspx?id=105wluGjuEu6kYtjZhalPuhU-6whnKVlrjFdhKhEcWhUMIY3TFhCN0IXVkdZRjdaR1RFVDJHTzRaVS4u
Introduction to Adobe Photoshop	Dr. Janet Blood	Stouffer G17 (Lab)	Students will gain a basic hands-on introduction to the features and functions of Adobe Photoshop. Participants need not have any experience with the program and will complete an easy introductory exercise that will allow them to become more comfortable with the program for future exploration.

2:00 p.m. – 2:50 p.m. Sessions

Session	Presenter(s)	Location	Description
How do I know if my student earned an N grade and how do I enter it?	Dr. Lyanne Black	Stouffer 112	Attendees will learn about the N grade...why it exists, what it means, how to assign it, when to assign it, policies and procedures surrounding it, and how it impacts the student and IUP. Discussion will ensue regarding various student attendance scenarios, and attendees will determine the appropriate grade to assign in each of those situations and why.
Dell Products Expo	Dell Representatives	Stouffer 138	Explore Dell products and devices before you purchase. Various Dell products will be on display with representatives available for Q&A.
Tips and Tricks for Reporting Liberal Studies Learning Outcomes and Program Outcomes in IMPROVE	Dr. Edel Reilly & Dr. Karen Rose Cercone	Stouffer 140	In the upcoming academic year, we will be asking programs that teach parts of our Liberal Studies curriculum to begin reporting student learning outcomes to the university-wide assessment database (IMPROVE), which is already used for assessment of program learning outcomes. In this session, both Liberal Studies and program assessment reporters will learn new ways to use test blueprints and segmented grading rubrics to assess student outcomes across multiple course sections, while giving individual course instructors the freedom to teach and grade student work as they see fit.
MS Excel RSVP Here!	Ms. Tiffany Thompson, CEO, Senior Educational Technology Consultant	Stouffer G1 (Lab)	MS Excel (365) Workshop RSVP Link: https://forms.office.com/Pages/ResponsePage.aspx?id=105wluGjuEu6kYtj7halPuhU-6whnKVlrjFdhKhEcWhUM1Y3TFhCN0IXVkdZRjdaR1RFVDJHTzRaVS4u
Introduction to Adobe Illustrator	Dr. Janet Blood	Stouffer G16 (Lab)	Students will gain a basic hands-on introduction to the features and functions of Adobe Illustrator. Participants need not have any experience with the program and will complete easy introductory exercises that will allow them to become more comfortable with the program for future exploration.
Image Editing with Adobe Photoshop	Dr Azad Ali	Stouffer G17 (Lab)	Learn the basics of digital image editing through Adobe Photoshop CC. This session covers the basics of images, the image gallery, image layers, selection techniques, slicing and stitching images, image masks and preparing images for the web.

3:00 p.m. – 3:50 p.m. Sessions

Session	Presenter(s)	Location	Description
Dell Products Expo	Dell Representatives	Stouffer 138	Explore Dell products and devices before you purchase. Various Dell products will be on display with representatives available for Q&A.
Accessibility Information, Closed Captioning, and Transcripts (Zoom & itube), Read&Write	Dr. Todd VanWieren & Mrs. Nancy Evans	Stouffer 140	Students come from a variety of backgrounds, ages, languages, and learning styles. Some of those students may need accommodations for disabilities such as blindness, low vision, hearing impairments, mobility impairments, learning disabilities, and health impairments. This session will demonstrate the captioning abilities available at IUP using Zoom and itube. We will also demonstrate Read&Write. Read&Write can make documents, files, and web pages more accessible, and can provide extra support with reading and writing. Tools that Read&Write offers include text to speech (read out loud), hard-copy text to digital text conversion, voice to text (dictation), and many others.
OneDrive!!!	Mr. Ben Dadson	Stouffer G1 (Lab)	Explore the features and uses of One Drive. Organize your files in the cloud and experience online collaboration.
Video Editing Essentials with Adobe Premiere	Dr. Azad Ali	Stouffer G16	Video and movie editing are the specialties of Adobe Premiere. Learn to import video files, organize the timeline, add titles and rolling credits, and insert audio clips. The session also teaches how to create transitions and special effects between video clips and how to render video projects for deploying to the web or to DVD.
Introduction to Electronic Advising Tools	Dr. Lynanne Black	Stouffer G17	This workshop will introduce attendees to the primary electronic advising tools available to them at IUP. These tools include, but are not limited to, Degree Works, MyIUP, Banner, Student Success Collaborative, and Registration Toolbox. Attendees will leave this workshop with tools to guide their advisees on the path to graduation.

Don't forget to join us from 4:00 p.m. – 4:30 p.m. in Stouffer 101, Beard Auditorium, for the Closing Session. You may be a door prize winner!
