SAA:

SAA had a good turnout at their career fair event with approximately 20 employers (private and public), the following dinner went well with a positive response from all that attended.

Additional Information:

Board competition: The competition is being extended to September 30th (5 days away). We discussed receiving a cash prize in place of the pizza party as better motivation.

Undeclared business event continued: Each organization would be represented in Stephenson lobby area (if aloud), similar to the COBSAC fair. It would be a way to recruit for your organizations as well as assist with undeclared majors along with those looking to change their major.

ROTC: Responded to our leadership event and said that they really liked the setting, that it was optimal. Thought that everyone was very engaged and that they would be more than happy to come back and help out the business school. They are more than willing to aid any organization.

Fundraiser: We seemed to have the majority agree that a fundraiser specific to COBSAC would be a little overwhelming and we'll leave the fundraising to the clubs. We don't want a competition type mentality between your clubs and COBSAC.

Promoting COBSAC: Should COBSAC be open to all officers? Maybe once at the beginning of the semester, or every so often? Take the initiative and do what you think.

Book event: We talked about giving help and getting involved next year to assist with the "Jesus Pancake" church's book event. We'd be organizing, sorting books, and carrying boxes. Maybe go as a COBSAC group and assist for an hour next year then plan something afterwards to hang out.

COBSAC Olympic Games: On a final note we discussed having an inter-club "Greek Game" type events!
