2b. List of all associated course changes

Reduction to 12 credits instead of 15 in the planned program of study.

Change is highlighted in red in table above.

2c. Rationale for Change

Reduction to 60 credit hours for major is required due to Pennsylvania State System of Higher Education policies. The major now requires 42 hours of coursework in mathematics plus an additional 18 credits of other requirements for a total of 60 credit hours.
