II. Minutes from September 24, 2002 Curriculum Committee Meeting approved on a Staszkiwicz/Numan motion with the following changes:

III. Co-Chairs Report

- A. The BTED department's desire to offer BTED 101 in order that students come at different times for the lab component of the course was never approved by UWUCC. While the idea is acceptable, it needs to be presented as a proposal before it is offered to students in the Spring 2003 semester.
- B. The UWUCC received a copy of the recommendations from the Liberal Studies Committee concerning the conversion to 120 credits for graduation. At this time it was determined to delay action on this issue until the report had been edited further.
- C. The UWUCC received a copy of Nicholas Kolb's suggested new form for new Distance Education courses. After much debate, the committee recommended that a) the title "New Course Proposal" be changed to "Approval form for new course" and b) all proposers should prepare a regular course proposal with the insertion of requisite Distance Education modules.
