

Prerequisite Checking by College – SWRPREQ

SWRPREQ allows a college to view which students are enrolled for a given term within courses in which they do not satisfy the prerequisites. This report can be run at any time, but may be most beneficial to run after final grades for the current term have been processed and rolled to academic history.

The screenshot shows the Oracle Developer Forms Runtime web interface for the SWRPREQ process. The interface is titled "Oracle Developer Forms Runtime - Web: Open > GJAPCTL" and includes a menu bar with "File", "Edit", "Options", "Block", "Item", "Record", "Query", "Tools", and "Help". The main content area is divided into several sections:

- Process:** SWRPREQ (selected) and Prereq Checking By College (selected). **Parameter Set:** (empty).
- Printer Control:** **Printer:** WEB (selected), **Special Print:** (empty), **Lines:** 55, **Submit Time:** (empty).
- Parameter Values:** A table with columns for "Number", "Parameters", and "Values".

Number	Parameters	Values
1	Term	200950
2	College	HS
3	Type	1

LENGTH: 1 TYPE: Character O/R: Required M/S: Single
1=Students in Courses in College by Section; 2=Students in College by Program
- Submission:** Save Parameter Set as, **Name:** (empty), **Description:** (empty), Hold, Submit.

The status bar at the bottom shows "Record: 3/3" and navigation buttons for "List of Valu..." and "<OSC>".

To run SWRPREQ:

- Select WEB as the printer to receive the information via email accessible in various formats (including PDF file).
- Proceed to the next block in order to enter information within the parameter fields.
- Enter the term for which you want to view student registration in courses where they do not satisfy the prerequisites.
- Enter your two-letter college code.
- Enter a "1" or "2" for Type depending upon the data to be identified ("1" – Data will be sorted by course section for courses within the identified college, "2" – Data will be sorted by program of study for programs of study within the identified college).
- Proceed to the next block and *Save* to submit the request.

NOTE: Students who have had the prerequisites overridden in order to gain entrance into a course will not appear on the generated list.
