STUDENTS TALKING ABOUT HEALTHY LIFESTYLES

Brought to you by IUP Health Service, a part of the Center for Health & Well-Being

September 11, 2023

THE FLU! IT'S COMING TO A CAMPUS NEAR YOU!

It's September!

Don't Forget Your Flu Vaccine

Anyone can get sick with flu, even healthy people. Everyone 6 months and older should get a flu vaccine with rare exceptions. **September** and **October** are generally good months to get vaccinated. Vaccination is especially important for older adults and people at higher risk of flu complications.
