

Agenda for the Cybersecurity Industry Advisory Board (CIAB) Meeting

April 16, 2021 at 11 AM

1. Approval of the minutes of the last board meeting held on 11/13/2020.
2. Brief review of the IUP Cybersecurity Programs:
 - BS. in CompSci – Cybersecurity Track
 - Minor in Cybersecurity
 - COSC Courses
3. Discussion of the CIAB recommendations, listed below:
 - a) Minor in Criminology is outdated and not a determining factor for Cybersecurity Programs and Careers. Consider removing the requirement.
 - b) Scripting Languages and Programming would be helpful to have.
 - c) Offensive Security including Penetration Testing and Vulnerability Assessments are needed.
 - d) COBOL should no longer be taught for Cybersecurity.
 - e) Cybersecurity Leadership, Governance, and Policy seems to be missing.
4. Electing a Vice Chair for the CIAB to serve as the chair in case the chair is not available. Chair or vice chair will provide (within two months of this meeting) written recommendations and/or feedback on how we can improve our curriculum so that our graduates will better meet the needs of the industry.
5. Deciding on the fall 2021 meeting date.
6. Questions/final comments.
