The Department of Defense is one of the Nation’s largest employers with approximately:

- 1.3 million active-duty service members
- 750,000 National Guard and Reserve service members
- 750,000 civilian personnel
- 600,000 contractors

Growing Our Talent:
To remain the strongest fighting force in the world, we must recruit and retain the best of America.

That means we must continue:
- Building pathways of opportunity for all qualified Americans.
- Deepening the Department’s partnerships with America’s best universities.
- Continuing to invest in training and education and create programs that focus on science, technology, engineering, and math.
- Providing exceptional opportunities for service and professional development for our total force.
Cyber Workforce Strategy
✓ Aims to provide the tools, resources, policies and programs that enable the Department’s cyber workforce stakeholders to identify, recruit, develop and retain a more agile and effective cyber workforce.

Implementation Plan
✓ Sets the foundation for how the Department will execute the 22 objective and 38 initiatives aligned with the 4 overarching goals in the CWF Strategy.

GOAL 1: Execute consistent capability assessment and analysis processes to stay ahead of force needs.

GOAL 2: Establish an enterprise-wide talent management program to better align force capabilities with current and future requirements.

GOAL 3: Facilitate a cultural shift to optimize Department-wide personnel management activities.

GOAL 4: Foster collaboration and partnerships to enhance capability development, operational effectiveness and career broadening experiences.
CULTIVATING TOMORROW’S TALENT POOL

CWF Strategy Goal 4:

Foster collaboration and partnerships to enhance capability development, operational effectiveness and career broadening experiences.

Objective 4.3:

Enhance collaboration with academia to cultivate a talent pipeline and support important areas of research.

Initiative 4.3.1:

Establish a centralized program office to manage cyber-focused student and employee developmental programs across the Department.

Initiative 4.3.2:

Ensure NCAE-C curriculum aligns with Department-wide cyber standard.

Initiative 4.3.3:

Increase return on investment of scholarship programs and effectively track participation to customize recruitment and outreach efforts.
WHAT IS THE DoD CYBER SCHOLARSHIP PROGRAM?

The DoD Cyber Scholarship Program (DoD CySP) (Formerly the Information Assurance Scholarship Program) is designed to encourage the recruitment of the nation’s top cyber talent and the retention of DoD personnel who have skills necessary to meet DoD’s cyber requirements and help secure our nation against the threats of information systems and networks.

Grants awarded for scholarships and capacity building to NCAE-Cs:

**Scholarships**

*Recruitment:* Targets students who are not current DoD or Federal employees and who are enrolled at designated CAEs; may be undergraduate or graduate students

*Retention:* Targets Military and Civilian DoD personnel for Associates or Graduate (Certificates, Masters, and PhD programs)

**NCAE-Cs**

- National Centers of Academic Excellence in Cybersecurity (NCAE-C)
- National Centers of Academic Excellence in Cyber Defense (CAE-CD)
- National Centers of Academic Excellence in Cyber Defense Research (CAE-R)
- National Centers of Academic Excellence in Cyber Operations (CAE-CO)

Survey on Cyber Education Requirements

**Sponsor:** Institute for Defense Analyses (IDA) (on behalf of the DoD)

**Purpose:** To gather perspectives on how to best educate the DoD’s cyber workforce to protect the Nation from future cyber threats (findings will be included in a report requested by Congress).

**Survey Question Focus:**
- Student capacity in cyber programs of study
- Educator staffing levels
- Cyber education preferences and requirements
- Perceptions of future cyber threats
- The need for a National Cyber Academy
