

# CAE Forum

**Wednesday, November 3, 2021**

**Taking a Timely Opportunity to Evaluate the Security of your Physical Security Video Surveillance Solution  
(1:00 - 1:50 pm EST)**

**Mapping Low Cost and Open Source Lab to the NICE Workforce Framework and CAE KU's (2:00 – 2:50 pm EST)**

Mark your calendar and come join us for CAE Forum! CAE Forum is a live, real-time, online, academic forum where members of the CAE community give non-technical presentations on topics of value to the CAE community. CAE Forum is about sharing your ideas, knowledge, and expertise to empower and strengthen our community. It's that simple. CAE Forum presentations are normally held on the third Wednesday of each month during the Fall and Spring semesters.

## **PRESENTATION #1**

**Title/Topic:** Taking a Timely Opportunity to Evaluate the Security of your Physical Security Video Surveillance Solution

**Time:** 1:00 - 1:50 pm EST

**Location:** <https://caecommunity.zoom.us/my/caeforum>

*Just log in as "Guest" and enter your name. No password required.*

**Audience:** Students, Professors, Govt.

**Presenter(s):** Stan Mierzwa, Kean University

**Description:** The use of physical security video surveillance systems is ubiquitous in our lives. Many of these solutions can be outsourced to a third-party vendor or moved to the cloud. In this short presentation, the presenter will outline some of the vulnerabilities that exist, background on the incredible growth in these IoT devices, and provide a practical set of assessment steps that one can take to minimize cybersecurity risks in these systems that are often overlooked.

## **PRESENTATION #2**

**Title/Topic:** Mapping Low Cost and Open Source Lab to the NICE Workforce Framework and CAE KU's

**Time:** 2:00 - 2:50 pm EST

**Location:** <https://caecommunity.zoom.us/my/caeforum>

*Just log in as "Guest" and enter your name. No password required.*

**Audience:** Students, Professors, Govt.

**Presenter(s):** Chris Simpson, National University

**Description:** There are a large number of low cost and free open source lab environments. The challenge is picking the ones that meet your learning outcomes. In this presentation the presenter, will discuss how National University has used low cost and open source labs in our programs and how we mapped them to the NICE Workforce Framework and CAE KU's.

A recording of the live presentation will be available following the pre of the presentation at:
