Security and Trustworthiness of Modern Cyber-physical Systems (1:00 - 2:00 pm ET)

Mark your calendar and come join us for CAE Forum! CAE Forum is a live, real-time, online, academic forum where members of the CAE community give non-technical presentations on topics of value to the CAE community. CAE Forum is about sharing your ideas, knowledge, and expertise to empower and strengthen our community. It's that simple. CAE Forum presentations are normally held on the third Wednesday of each month during the Fall and Spring semesters.

Date: Wednesday, March 3, 2021

Time: 1:00 - 2:00 pm EST

Location: <https://caecommunity.zoom.us/my/caeforum>

Title/Topic: Security and Trustworthiness of Modern Cyber-physical Systems

Audience: Students, Professors, Govt.

Presenter(s): Dr. Dimitrios Damopoulos, University of South Alabama

Description: In 2020, we experienced the expansion of the development and usage of Cyber-physical systems. This presentation will discuss challenges and directions in ensuring the security and trustworthiness of modern Cyber-physical systems.

A recording of the live presentation will be available within 48 hours of the presentation at:
