The Certificate in Spanish for Safety Sciences is an 18 to 21-credit program, with the first 12-credits in the Spanish language being exemptible by Advanced Placement, Department Placement, or ACE credits. Students must either successfully complete or be exempted from the 201-level course prior to declaration of the certificate.

Requirements

Courses	Credits	Department
SPAN 101	4	Foreign Language
SPAN 102	4	Foreign Language
SPAN 201	4	Foreign Language
SFSP 221	3	Foreign Language & Safety Sciences
SFSP 231	3	Foreign Language & Safety Sciences
SAFE 111	3	Safety Sciences

Oral Proficiency Interview by Computer (OPIc) is a computerized exam that, with a valid result, will provide an internationally recognized certification of proficiency level measured on the ACTFL scale. The Department of Foreign Languages will organize and proctor the exam. There is a $70 charge to take the exam. This fee may be subject to change according to Language Testing International, LTI.
