INTRODUCTION

We wish to extend a warm welcome to you as a new member of our intellectually active and academically engaged community of scholars in the M.A. in English Literature program. Please visit our website at <http://www.iup.edu/english/grad/literature-ma/>.

Indiana University of Pennsylvania

With its original 1875 building still standing at the heart of campus, Indiana University of Pennsylvania has a long tradition of academic excellence. IUP has been recognized by numerous publications for its high academic standards and competitive costs. The university is consistently chosen by the Princeton Review for inclusion in its Best Universities publications. IUP was one of only five universities in Pennsylvania chosen for the 2007 Kiplinger's Personal Finance magazine's "Best Values in Public Colleges." IUP's Robert E. Cook Honors College is featured in Donald Asher's *Cool Colleges: For the Hyper-Intelligent, Self-Directed, Late Blooming, and Just Plain Different*. The University's mission, values, and vision further illustrate our commitment to high-quality education.

In 2006, the Middle States Commission on Higher Education awarded re-accreditation to IUP for the next twenty years, along with accolades from the University's "exemplary comprehensive self-study" and for its "outstanding faculty, student services and information technology." The Middle States Commission, based in Philadelphia, is the primary crediting body for all colleges and universities in Pennsylvania and the Middle Atlantic region of the U.S.

The University provides an intellectually challenging experience to more than 13,000 students at its campuses, all easily accessible from Pittsburgh and the Middle Atlantic region. IUP is the largest member institution of the Pennsylvania State System of Higher Education (PASSHE) and the only member authorized to confer doctoral degrees. IUP is classified by the Carnegie Commission on Higher Education as a Doctoral/Research University.

Academic offerings include 130 undergraduate majors with a variety of internship and study abroad programs and more than sixty graduate degree programs. The variety and quality of instruction are characteristic of a big university; yet at IUP, close, one-to-one relationships develop within the teaching framework, and a strong sense of community prevails.

The Indiana Community

IUP is located in Indiana, Pennsylvania, 55 miles northeast of Pittsburgh, in the foothills of the beautiful Allegheny Mountains. Indiana offers much of the best of both small town and city life. With a population of about 35,000, Indiana and its neighboring small towns are quiet and picturesque, and several nearby natural areas and state parks provide opportunities for hiking, camping, boating, and fishing. The Indiana area is rich in culture from its history of mining to its most famous son, Hollywood film legend Jimmy Stewart. The local economy is based primarily on energy resources, healthcare, education, finance, and other service industries.

The IUP campus hosts more than 200 cultural and entertainment events each year. Frank Lloyd Wright's world-famous Fallingwater is a 90-minute car trip from IUP, near some of the best whitewater rafting in the region. Nearby Pittsburgh offers students opportunities to enjoy all that a large, rejuvenated American city has to offer: from the Strip District, with its bustling, open-air warehouse food markets, to the Bohemian coffee shops, to fine and ethnic restaurants, to the internationally-known art museums, including the Carnegie Museum and the Andy Warhol Museum, to the John Heinz Museum of Regional History, to the music of the Pittsburgh Symphony and the

jazz and small rock and roll clubs, to the collegiate and national sports teams, the Pittsburgh Steelers, Pirates, and Penguins. Pittsburgh is a cosmopolitan city that has not lost its multicultural and working-class ethnic heritage.

IUP's Civility Statement

As a university of different peoples and perspectives, IUP aspires to promote the growth of all people in their academic, professional, social, and personal lives. Students, faculty, and staff join together to create a community where people exchange ideas, listen to one another with consideration and respect, and are committed to fostering civility through university structures, policies, and procedures. We, as members of the university, strive to achieve the following individual commitments:

To strengthen the university for academic success, I will act honestly, take responsibility for my behavior and continuous learning, and respect the freedom of others to express their views.

To foster an environment for personal growth, I will honor and take care of my body, mind, and character. I will be helpful to others and respect their rights. I will discourage intolerance, hatred, and injustice, and promote constructive resolution of conflict.

To contribute to the future, I will strive for the betterment of the community; myself, my university, the nation, and the world.

Affirmative Action

Indiana University of Pennsylvania is committed to providing leadership in taking affirmative action to attain equal educational and employment rights for all persons, without regard to race, religion, national origin, ancestry, sex, physical handicap, or affectional or lifestyle orientation. This policy is placed in this document in accordance with state and federal laws including Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Sections 503 and 504 of the Rehabilitation Act of 1973 as well as federal and state executive orders. This policy extends to disabled veterans and veterans of the Vietnam era. Please direct inquiries concerning equal opportunity to: Office of the Provost, 205 Sutton Hall, 1011 South Drive, IUP, Indiana, PA 15705-1046 U.S.A.

Admission

Online application forms and links to the graduate admissions office are available on the Graduate Admissions website: <http://www.iup.edu/admissions/graduate/>. The School of Graduate Studies and Research notifies applicants of the admissions decision based on the recommendation of the English Department's MA in English Literature Admissions Committee. A graduate student is expected to assume full responsibility for knowing and fulfilling the graduate program and university requirements, procedures, and regulations. For general information about graduate applications to IUP, please visit the School of Graduate Studies admissions website (<http://www.iup.edu/admissions/graduate/>), call the School of Graduate Studies and Research at 724-357-2222, or e-mail graduate-admissions@iup.edu.

The M.A. in English Literature Admissions Committee considers each application within the guidelines of the School of Graduate Studies and Research. The Committee looks at the student's academic record, writing ability, letters of recommendation, and professional accomplishments. Candidates with strong academic records, but with backgrounds in other disciplines, should contact Dr. Michael T. Williamson at mtwill@iup.edu or Michael.Williamson2@iup.edu for advisement prior to applying. Applicants who indicate that they do not plan to work toward the degree but wish to enroll in one or two graduate courses for which they are qualified may apply to the School of Graduate Studies and Research for Special Graduate Standing. However, such enrollment does not constitute admission to the Program.

A formal application to the M.A. in English Composition & Literature includes:

1. An official transcript of undergraduate coursework for which a bachelor's degree has been awarded. Candidates are expected to have at least a 2.5 overall GPA (on a 4.0 scale). But, if your GPA is below a 3.0, we recommend that you also submit a critical writing sample (normally an essay of ten to twenty pages written for an upper-level English course or an excerpt from a senior thesis).
2. Two letters of recommendation from individuals qualified to assess the student's academic

- performance and potential for graduate studies.
3. The applicant's statement of goals. This goal statement is one of the most important documents to be considered in an application. Applicants should directly address ways in which the program chosen will help them meet their particular goals.
 4. **A nonrefundable \$50 application fee** (submitted upon completion of the online application).
 5. International applicants are required to submit scores from the TOEFL, taken no more than one year prior to the expected date of enrollment. The School of Graduate Studies and Research will not process applications lacking TOEFL scores. Information about this examination is obtained by writing directly to: TOEFL, Educational Testing Service, Princeton, New Jersey 08540, U.S.A. The linguistic proficiency of an international student who received a degree outside the United States is assessed by examining all application materials: the recommendations, the applicant's statement of goals, and the presence of content courses in English on the transcript, as well as the TOEFL scores. Students are advised to take the new written essay section of the TOEFL if available.
 6. A writing sample, while not required, is strongly recommended as a part of the application.
 7. Candidates are not required to take the Graduate Record Examination (GRE), but may submit it to bolster their applications.

Adherence to these deadlines will ensure that accepted students are able to register with continuing graduate students in the program.

Further Information for International Applicants

In addition to the academic prerequisites and procedures for admission given above, international students must complete an international student preliminary application form and present evidence to the School of Graduate Studies and Research of financial resources sufficient to meet the cost of living in Indiana, Pennsylvania, the cost of travel to and from the student's native country, and the cost of graduate education at Indiana University of Pennsylvania. Such evidence should be sent directly to: Dean, The School of Graduate Studies and Research, 101 Stright Hall, Indiana University of Pennsylvania, Indiana, Pennsylvania 15705, U.S.A., as a part of the application for admission. The School of Graduate Studies and Research notifies the University's Foreign Student Advisor of international student admissions; the Foreign Student Advisor mails general information about the University and issues certificates of eligibility, such as I-20s and IAP-66s, to admitted students. Questions about legal and visa matters should be addressed directly to: Foreign Student Advisor, Indiana University of Pennsylvania, Indiana, Pennsylvania, 15705, U.S.A. For more information for international students, please visit IUP's International Education website at <http://www.iup.edu/international/>.

Evaluation of Students

For information regarding School of Graduate Studies and Research policies on grading, view the Graduate Catalog: www.iup.edu/gradcatalog

Insert information about how students will be evaluated. This section may be added to each program/degree as necessary.

Comprehensive/Candidacy Examinations

This examination is given, usually upon the candidate's completion of course work, to determine the student's progress in the degree field and fields related to it and the student's likelihood of success in his/her research-dissertation phase. The examination may be written, oral, or both and is not necessarily limited to areas in which the candidate has taken course work. In addition to having written procedures for taking the comprehensive exam, departments must also have written procedures regarding providing feedback for comprehensive exams.

Program Level Examination Appeals

Appeals for Program Level Exams such as, candidacy, comprehensive, or qualifying examinations, are made to the dean of the School of Graduate Studies and Research (SGSR) based on policy and/or procedural violations. The appeal can be based only on policy and/or procedural violations; and not simply on the outcome of the examination. Procedural violations would be cases in which the program /department failed to follow program/department and/or University policies and/or procedures relating to the administration and/or evaluation of the exam.

The appeal must be made in writing to the dean of the School of Graduate Studies and Research. Documentation of the policy(ies)/procedures in question must be provided, along with a detailed description of the alleged violation(s). All evidence supporting the alleged violation should also be provided. The student must submit the written appeal to the dean of the SGSR within 30 days of receipt of the outcome of the examination.

Upon receipt of the written appeal to the dean of the SGSR, the dean will conduct an investigation of the allegation, review the documentation and render a final decision which completes the appeal process. The final decision rendered by the dean of the SGSR may not be appealed.

If it is found that policy/and/or procedure has been violated, the dean of the SGSR will instruct the program/department to allow the student to retake the exam, fully adhering to policy and procedures. In the event of a finding in support of the student allegation, the reexamination may not be counted as one of the attempts permitted under the University or Department's Reexamination Policy.

Reexamination Policy

No student is permitted a "third" examination without a recommendation to that effect from the degree program's sponsoring department per their adopted written procedures and the approval of the School of Graduate Studies and Research dean (or designee). Exceptions to this policy for programs can be made only with the approval of the School of Graduate Studies and Research. In the event a student does not successfully complete the comprehensive re-examination according to program requirements and the failure results in program dismissal, the program must notify the School of Graduate Studies and Research (SGSR) of the dismissal in writing. The SGSR will send an official notification of the dismissal to the student.

Degree Completion

The M.A. in Composition and Literature degree is awarded upon successful completion of all requirements as described in this Handbook

For more information, view the view the Graduate Catalog: www.iup.edu/gradcatalog.

To access forms processed through the School of Graduate Studies and Research, click on “Current Students”: <http://www.iup.edu/graduatestudies/>.

Thesis and/or Dissertation Completion

Department Process or Protocol

conjunction with an MA Thesis advisor from the English Department students must form a committee of two faculty members in addition to the advisor. Students must submit a committee approved Research Topic Approval Form to the SGSR and receive approval from the SGSR. Once an MA Thesis is submitted for defense, it will be evaluated by the committee and defended by the student.

Evaluation Outcome for Dissertation and/or Thesis

After consultation with the student’s MA thesis committee members, The MA Thesis advisor assigns a letter grade for the MA Thesis: A, B, C, or F.

University Policies and Procedures

Continuous Graduate Registration for Dissertation and Thesis

(Masters thesis, MFA thesis and Doctoral dissertation students beginning the program fall 2017 and thereafter, must adhere to the following Continuous Graduate Registration policy for Dissertation and Thesis)

Following completion of course work, including internship or practicum; (excluding comprehensive exam or qualifiers) **all** doctoral and masters thesis students must be continuously enrolled for at least one credit of dissertation or thesis each semester (Fall and Spring) annually, through the graduation of the student or until the time limit is exceeded. There is no separation between completions of course work, internship or practicum and initiation of dissertation or thesis credit registration.

Once the student has registered for the number of dissertation credits required by the program of study (typically nine or twelve), or the number of thesis credits required by their program of study (typically three to six), she or he must register for one dissertation or one thesis credit each semester (Fall and Spring) annually through the graduation of the student or until the time limit is exceeded (See Time Limitation Policy for doctoral or master's students). For this period, the student will be considered a full-time doctoral or masters student.

All dissertation and thesis credits will be pass/fail credits. Students must complete the minimum number of dissertation or masters thesis credits required by their program, but may take additional dissertation or thesis credits as is necessary to comply with the Continuous Graduate Registration for Dissertation and Thesis policy.

Until the dissertation or thesis is successfully defended, a grade of "R" will be assigned to each registered credit. Upon successful completion of the dissertation or thesis, the grade assigned by the dissertation or thesis director will apply to all registered dissertation or thesis credits. Students must pay tuition and mandatory university fees for all credits (equal to the part-time mandatory fees), and may choose to pay the Wellness Fee.

Following completion of all course, language, and skill requirements and of the comprehensive examination requirement where applicable, doctoral and M.F.A. students must enroll for at least one credit of dissertation or thesis each semester (Fall/Spring).

Once the student has registered for the number of dissertation credits required by their program of study (typically nine or twelve), or the number of thesis credits required by their program of study (typically three to six), she or he must register for one extended credit each semester (Fall and Spring) annually through the graduation of the student or until the time limit is exceeded (See Time Limitation Policy for doctoral or master's students). For this period, the student will be considered a full-time doctoral or M.F.A. student.

Until the dissertation or thesis is successfully defended, a grade of "R" will be assigned to each registered credit. Upon successful completion of the dissertation or thesis, the grade assigned by the dissertation or thesis director will apply to all registered dissertation or thesis credits, including the extended credits. Students must pay tuition and mandatory university fees for all credits (equal to the part-time mandatory fees) and may choose to pay the Wellness Fee.

Grades earned for dissertation and thesis credits will remain part of the cumulative grade calculation; however, grades posted for extended credit registration will be excluded from the cumulative grade

calculation.

Note: The Continuous Dissertation policy has been in place since 1990. Students failing to register as directed by this policy will be registered by their program coordinator and billed accordingly. If it is the doctoral or M.F.A. student's intent to "quit" the program, he/she should schedule an appointment with the graduate coordinator as soon as possible to avoid any further registration and subsequent assessment.

Grade Appeal Policy

www.iup.edu/gradcatalog

Graduate Fresh Start Policy

A graduate student who has been separated from the university as a result of academic dismissal, including time-to-degree dismissal, may only apply for readmission to the University if the student has been separated from the university, for a minimum of two calendar years (24 consecutive months) from the date of dismissal. The request to be considered for readmission to the University must be into a graduate program, and readmission to the program from which the student was dismissed may not be sought. A student dismissed as a result of an academic integrity violation is barred from utilizing the Graduate Fresh Start Policy to request readmission.

Conditions for a Graduate Fresh Start Application

A graduate student may apply for a Graduate Fresh Start only if he/she meets all of the following conditions:

- he/she was academically dismissed, including time-to-degree dismissal from an IUP graduate program;
- he/she has been separated from the university for a minimum of two calendar years (24 consecutive months);
- he/she applies for readmission consideration to a graduate program at IUP, excluding the program from which the student was academically dismissed.

The graduate student must apply to the desired program through the standard Admissions process. Having reviewed the prior and intervening factors for evidence of potential for improved academic success, the program coordinator, after departmental review, may recommend to the Dean of Graduate Studies and Research that the student be readmitted to the University and admitted to the program. The Dean's decision is final and is not subject to appeal.

Graduate Residency Requirement

www.iup.edu/gradcatalog

Leave of Absence Policy

A student may transfer graduate credits from another institution, with Department approval, up to

one third (**1/3**) of the required credits for the graduate student's program at IUP. These graduate courses must have been taken from a regionally accredited institution, within the past five years, and the grade earned must be a "B" or its equivalent or better. The time limitation rule and residency requirements pertain without modification to transfer credits.

Up to one third (**1/3**) graduate credits originally earned in one graduate program at IUP may be applied toward a different graduate program if: 1) the receiving department and 2) the School of Graduate Studies and Research both approve the credits as meeting degree requirements. These courses must have been completed within the past five years, and the grade earned must be a "B" or its equivalent or better.

The combination of transfer graduate credits earned at another institution and those earned at IUP may not exceed one third (**1/3**) of the total required graduate credits for the program.

To request transfer credits, the student must complete the Request for Graduate Transfer Credit Review form and follow the instructions listed on the form. A catalog course description or course syllabus must accompany the request. An official graduate transcript showing the earned graduate credits must be provided by the school at which the credits were taken. To be considered official, the transcript must arrive in a sealed envelope bearing the official seal of the issuing institution. The request is reviewed in the School of Graduate Studies and Research and the academic department. After review, the student's program coordinator and the student are notified of the transfer decision.

It is strongly recommended that students seeking to transfer graduate credits from another institution while enrolled at IUP receive advance written authorization for credit acceptance from the School of Graduate Studies and Research and the academic department prior to enrolling in that course.

If graduate credits earned at another institution are approved for transfer, only the credit, not the grade or accompanying quality points, will appear on the student's IUP transcript.

Graduate credits earned at IUP that are approved for transfer to a second program will not be posted to the transcript a second time.

These graduate courses must have been taken from a regionally accredited institution, within the past five years, and the grade earned must be a "B" or its equivalent or better. The time limitation rule and residency requirements pertain without modification to transfer credits.

Up to one third **(1/3)** graduate credits originally earned in one graduate program at IUP may be applied toward a different graduate program if: 1) the receiving department and 2) the School of Graduate Studies and Research both approve the credits as meeting degree requirements. These courses must have been completed within the past five years, and the grade earned must be a "B" or its equivalent or better.

The combination of transfer graduate credits earned at another institution and those earned at IUP may not exceed one third **(1/3)** of the total required graduate credits for the program.

Research

Please see <http://www.iup.edu/research/resources/funding-research/students/graduate/internal-iup-funding-for-graduate-student-research/> for applications and instructions. Direct all questions about these funding opportunities to grad-research@iup.edu.

Graduate Student Research Grant: This fund was created to encourage and support graduate students as they undertake research and creative projects that will contribute new insights to their chosen academic field. The maximum amount of the grant that students may receive in support of their research project, creative project, thesis, or dissertation research is \$1,000 per year. Applications for support must reflect excellent academic scholarship and must carefully follow the proposal guidelines for funding consideration. The student must be enrolled at IUP during the term of the award. Two grant competitions are held annually; proposals are due the first Monday in November and the first Monday in February.

Funding for Graduate Student Travel to Present Papers: This fund supports graduate students currently enrolled in a Doctoral or Master's program who are presenting papers at professional meetings. Doctoral and Master's students may apply for up to \$750 in funding for the fiscal year. Once approved, the student must pay expenses up front and is reimbursed for conference registration, travel, and hotel expenses through standard university procedures.

Graduate Student Professional Development Fund: Graduate students can apply for up to \$300 to support their participation in scholarly and creative activities that add to professional development in a significant way. The graduate student must provide a clear description of the proposed activity and explain how it adds to his or her scholarly development. As part of the application, a faculty member must describe the importance of the activity as it relates to the student's scholarly goals and educational progress. Examples of eligible activities include serving as a moderator, discussant, or session chair at a disciplinary conference; presenting research methodology for feedback at a roundtable discussion at a conference; or leadership activities related to professional or disciplinary associations. Simply attending a conference, while a valuable learning experience, is not eligible for support. Support for individual students will not exceed \$300 per academic year.

Graduate Student Outstanding Research Award: The School of Graduate Studies and Research recognizes graduate students who have completed what their academic departments believe to be outstanding research projects during the academic year. Three to five \$100 awards are made, on a competitive basis, to graduate students each spring, following the review of a faculty nomination letter and a completed proposal. Awards are presented at the annual university-wide Research Awards Luncheon.
