

## **AFSCME Compensatory Time Request Form**

All overtime for employees must be approved in advance of the employee working the overtime. AFSCME employees can request to receive compensatory time in lieu of premium overtime; however, this approved form must be completed and on file in order for that to occur. This form, once completed, will remain on file until canceled in writing by the employee and supervisor. It can be canceled in writing at any time, should the employee desire premium overtime pay. If the form is not completed, then it is assumed that premium overtime pay is preferred.
