Motion to Approve as a Global and Multicultural Awareness course – Passed: Unanimous

Comments: The Liberal Studies Committee approves this course as a Global and Multicultural Awareness course for the Liberal Studies Curriculum. Our comments include a suggestion to reword Student Learning Outcome # 11 and to perhaps combine Outcomes #12 & 13 (for example "Use past, present, and future time frames to communicate in both oral and written form". The final comment was a question about whether there was a significant course overlap with HIST 351 or not.
