

PARTICIPANT REQUEST FORM

Before this request for research participants will be honored you must complete the Human Research Approval Form and submit it to the Human Research Committee for review. Upon the approval of your project by the Human Research Committee and IRB, if applicable, this form will be sent to the Subject Pool Administrator through whom you may obtain your tracking sheets. Please attach the original signed Human Research Approval Form to this Participant Request Form. If your pretest exceeds two pages please attach a justification paragraph.

Are you submitting a list of Banner ID numbers obtained as a result of use of a pretest (if a pretest was used the signed pretest approval form must be attached to this form)?
Yes//No

If yes, due to PSYC 101 students' decisions not to participate in the pool, we suggest you submit at least double the number of Banner numbers per number of desired participants. Please attach your Banner ID number list to this form.

Number of participants needed: Male_____ Female_____ Doesn't Matter_____

Other requirements:_____

What is the base rate in the population of the phenomenon you are studying? _____

Number of Researcher's Instructions needed (suggested: one per person scheduling)_____

Experimenter's Name _____

Faculty Sponsor (if applicable) _____

Experimenter's Telephone Number _____

Experimenter's Email address _____

Date of Request _____

When Subjects are Needed _____

Number of hours it is anticipated subjects will be needed _____

You will receive the names, telephone numbers, and schedules of each participant on a tracking sheet. These tracking sheets **MUST** be returned as you complete running each subject as they provide information on participant participation, which determines if a participant is eligible to be used again. In the case of large requests, you may not receive all your participants at one time. You may be required to return a portion of your tracking sheets before more will be distributed.
