Indiana University of Pennsylvania FY2022 – 2023 Annual Grantsmanship Report

Who or what is the IUP Research Institute and what, exactly, is our role? We are YOUR “Office of Sponsored Research” and work collaboratively with key offices and IUP personnel. IUP administration created the Research Institute in 2004 to help facilitate and grow the sponsored research activity on campus. We were created BY you FOR you!

The Mission of the IUP Research Institute is to advance the research agenda and educational objectives of Indiana University of Pennsylvania and partner institutions in the PASSHE and to promote greater collaborations across the system. The Research Institute provides a full range of pre- and post-award services designed to provide support for University researchers. The Research Institute is governed by an independent Board of Directors which is responsible for upholding the Institute’s Articles of Incorporation, By-Laws, and the principles set forth in the Affiliation Agreement with the University. The Board is composed of appointed University representatives and local community business leaders.

Indiana University of Pennsylvania and the IUP Research Institute jointly administer external funds. The IUP Research Institute is a 501c (3) organization that operates independently for the benefit of Indiana University of Pennsylvania, under the terms of the Affiliation Agreement.

The team of 10 individuals at the Research Institute, collectively, hold a myriad of professional certifications and expertise and hold membership in professional organizations. We have individuals who focus primarily on the pre award (identifying funding opportunities, developing proposals and budgets, managing the review and approval processes, and navigating a variety of submission portals and processes), post award (contract review and negotiations, budget modifications, no cost extensions, purchasing and travel regulations, technical and fiscal reporting, and award closeout. Our team consists of Certified Research Administrators (with a focus on pre, post, and fiscal research administration) and we attend and actively participate in professional organizations like the Society for Research Administrators, the National Council of University Research Administrators, the National Organization for Research Development Professionals, and the University Connected Research Foundation.

In addition to serving as IUP’s Office of Sponsored Research, the IUP Research Institute provides these same services to sister PASSHE institutions, Commonwealth University and PennWest University. Our primary goal of these partnerships is to connect researchers from across the State (or at least these 7 campuses) and facilitate collaborative grant proposals.

The RI works diligently to ensure proposals submitted are of the highest possible quality, while adhering to standard operating procedures. The RI helps to ensure the proposal meets agency guidelines, meets applicable federal, state, and university pre-requisites, requires reasonable university support, and that the budget and scope of work are consistent, and have been appropriately reviewed and authorized by IUP and IUPRI administrative entities.

When appropriate (and as time permits), the School of Graduate Studies and Research (SGSR) provides an in-depth review/edit of proposal narratives to help ensure the highest possible quality. For “significant projects,” professional external reviewers are utilized and paid for by the SGSR. These efforts have greatly improved the quality of our proposals and the grant-writing expertise of our researchers. It is fully expected that we will see a long-term return on investment as these researchers continue to grow and succeed in grantsmanship activities.

Indiana University of Pennsylvania FY2022 – 2023 Annual Grantsmanship Report

To promote post-award success, upon award receipt, the RI facilitates a “kick-off” meeting with the Principal Investigator to discuss and review the mechanics of how to efficiently execute the scope of work. Compliance with federal, state, and university policies and regulations are emphasized. These meetings may include members from administration, grants accounting, purchasing, human resources, and any other areas pertinent to successful outcomes. These “kick-off” meetings assist the researcher in understanding basic requirements such as purchasing equipment, grant-funded graduate assistantships, and processing summer compensation or academic year releases.

Staying up to date with federal, state, and other agency compliance requirements for sponsored activities is one of the most important responsibilities of the RI. To assist IUP in this function, the RI requires staff to participate in at least one professional organization conference per year. Partnering with the SGSR, the RI assisted in establishing standard operating procedures in areas such as technology transfer, research misconduct, intellectual property, and other related areas.

The Research Institute team is committed to continuous improvements to ensure researchers receive the most efficient and compliant assistance with their research endeavors. Policies, procedures, and workflow are under continual review and are modified as needed to accommodate changes to the Uniform Guidance and best practice initiatives.

The RI team hosts and partners on a variety of events throughout the year intended to celebrate, recognize, and promote externally funded projects as well as maintaining an open line of communication with our stakeholders. This past year, the RI team was chosen for and hosted two international research fellows as part of the University Administration Support Program Fellowships in Research Management funded by the International Research and Exchange Board. Two fellows from Africa (Ethiopia and Nigeria) were chosen and paired with IUP by IREX. During the Fall 2022 semester, the two met regularly with the research team and, given their success and feedback, were invited to visit the IUP campus for one month to meet face-to-face with the University research team. The visitors met with faculty, staff, and leadership and discussed a wide-range of research administration duties and challenges. This was the first year IUP participated in the program, which includes more than 250 fellows from 19 countries. The RI is one of only 80 US institutions (the only PA university) chosen for this partnership.

The Fellows continue to work collaboratively with IUP faculty members on a scholarly publication and hope to identify mutual funding opportunities to grow their partnership on a global level.

Other events to promote research:

- ***PI Mentorship Academy (a researcher bootcamp!)***
- ***Various workshops, presentations, and trainings, including student presentations (F2F or virtual)***
- ***Annual Deans' breakfast***
- ***Annual Researchers' Reception and the Crimson Cup competition***
- ***Co-host Research Appreciation Week with School of Graduate Studies & Research***
- ***Participation in New Faculty Orientation, Council of Chairs, Council of Deans, and departmental/faculty meetings***

“Research is the process of going up alleys to see if they are blind.” – Marston Bates

Indiana University of Pennsylvania FY2022 – 2023 Annual Grantsmanship Report

FY 2223 was an extraordinarily successful research year!

When it comes to externally funded research at IUP, the FY2223 year was extraordinary and definitely one for the record books! Both proposals and awards broke records over a decade old and we received our largest single grant in IUP history! External funding represents additional resources to IUP, our researchers (faculty and staff), our students, and to the larger community to include Indiana County, the State of Pennsylvania, and well beyond. Research done at or by its researchers impacts communities world-wide including Germany, Honduras, China, Guatemala, Mallorca, and Taiwan. Our efforts have resulted in nearly \$20 million in external funding for FY2223 (almost double FY2122!) and has solidified our place among nationally recognized institutions of higher education. IUP is one of only 93 public universities designated as a R2 by the Carnegie Foundation for the Advancement of Teaching and this past year reaffirms our place in this prestigious club. How did IUP make this success a reality? At the core of our research infrastructure and successes are the exceptional faculty, staff, and students who work diligently to write proposals and successfully manage the post award activities and deliverables. Research really is part of our DNA at IUP!

As you'll see in the data presented within this report, the biggest increase was in federal funding. This is significant as federal awards provide the largest amount of indirect funds back to IUP. These are the funds we use to provide match support for new proposals, fund research incentives like equipment maintenance, travel and internal grant support, research appreciation week, library resources, the Office of Undergraduate Research, Scholars Forum, U-SOAR, and many other much needed resources.

As with anything, growth requires a healthy, fertile environment and an investment in time and resources. This is where the research infrastructure at IUP excels. The unique and robust infrastructure allows researchers to flourish – the Research Institute, School of Graduate Studies and Research, IUP Grants Accounting, Undergraduate Research Office, the Libraries, and the academic leadership (deans, Provost, President) team together provides support and guidance to our researchers. At IUP, we believe the researchers should have the support needed to ensure their success – we work diligently, behind the scenes, to allow them to have time and resources needed to complete their deliverables knowing there are experts to help ensure overall compliance with purchases, invoicing, fiscal reporting, and financial accountability. That's our job!

Although we don't have time or space to showcase every successful or worthy project, this report highlights an array of projects that we hope provide a general understanding of the diversity and impact of projects and deliverables that come from IUP researchers. We hope this report generates interest in sponsored research and helps to continue to build on our already prestigious reputation.

A strong dedication to scholarly growth, academic excellence, and a renewed focus on student success have been key to this year's growth and success. These commitments have proven remarkable returns on our investments. THANK YOU to all the researchers, research team members, leadership, and students who have helped make this year so memorable.

Research Project Highlights:

- A Collaborative PA-wide Community College Consortium for Enhancing STEM and Cybersecurity Education – Waleed Farag received the largest grant in IUP history to establish a dynamic, collaborative consortium of community colleges. The goal is to increase completion rates of certificate programs that strengthen the STEM and cybersecurity workforce.

- Journey to Discovery: IUP Scientist Digs for Dinosaurs in Utah: For the past 10 summers, IUP faculty member, Jonathan Warnock, has been travelling to the desert to dig up dinosaur bones at the Jurassic National Monument. He often brings students along to help them gain research experience.

- Child Care Access Means Parents in School (CCAMPIS): Kalani Palmer, faculty member in Professional Studies in Education secured funding to help low-income student-parents stay in school and graduate. The program offers up to 40 hours of childcare (including before- and after-school care) at nationally accredited childcare centers, covering up to 60 – 90 percent of childcare costs.

- Build Back Better Regional Challenge Grant (STEAMSHOP) – Rick Adkins, Sean Derry, and Sharon Massey received funding for an entrepreneurial makerspace ecosystem that will include IUP, an IUP-led STEAMSHOP robotics and electronics satellite site in Armstrong County and MADE in Johnstown, Cambria County. The makerspace is a university-wide collaboration, with a goal of engaging diverse populations, improving digital literacy, and creating an integrated training and research program in design thinking, prototyping, digital fabrication, robotics, and AI.

Indiana University of Pennsylvania FY2022 – 2023 Annual Grantsmanship Report

- IUP Crimson Hawks Advance and Retain Great Educators – Holly Travis, Brain Sharp, Edel Reilly, and Kelli Paquette received funding from the NSF to help address the critical need for effective Science, Technology, Engineering, and Mathematics teachers in PA’s high schools. The goal is to recruit, prepare, and support undergraduate STEM majors who opt to pursue teacher certification.
- Studied World War II Crash Sites – Anthropology faculty member, Andrea Palmiotto, directed a 5-week field school in Germany to discover artifacts at the crash site of a WWII airplane.

- Discovering Armored Dinosaur – Biology faculty member, Shundong Bi was part of a team that found the remains in the Yuxi region of Yunnan province in China.

- Unearthing Black Settlers’ Stories – Applied Archaeology master’s students excavated historic Pandenarium, where 63 free African Americans settled in 1854.

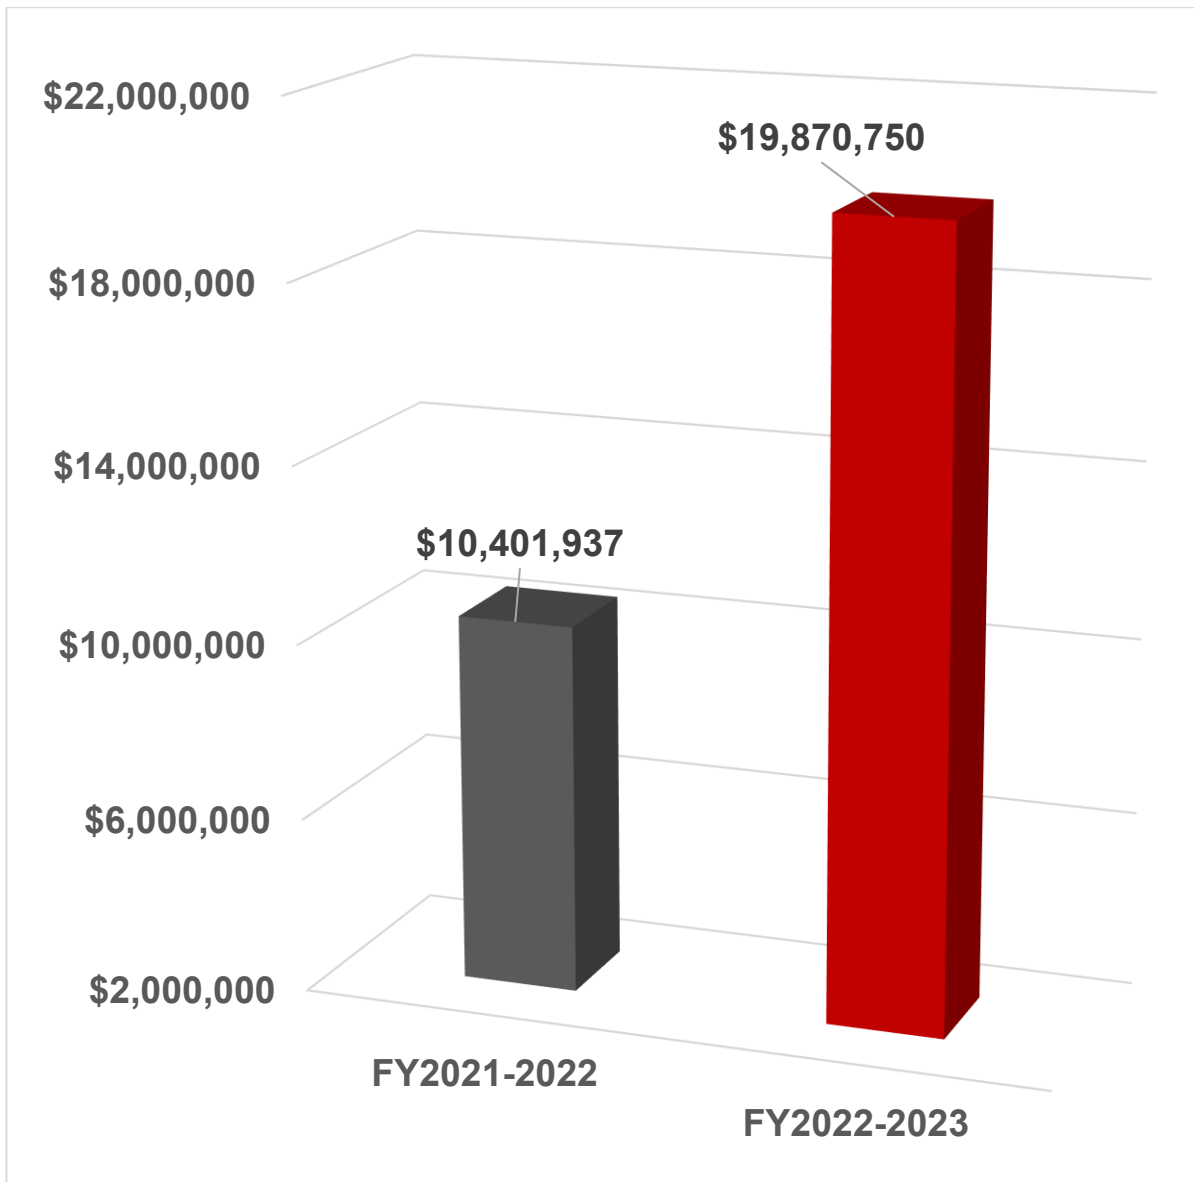

Indiana University of Pennsylvania FY2022 – 2023 Annual Grantsmanship Report

This Annual Report of Externally Sponsored Activities summarizes externally funded grants, contracts, and cooperative agreements for the year of **July 1, 2022 – June 30, 2023 (Fiscal Year 2022-2023)**. This report is designed to recognize IUP faculty and staff members who dedicate their time, talents, and expertise to seek and receive external funds for their research, teaching, and creative activities. These accomplishments represent the outstanding commitment on the part of faculty and staff to advance the research, teaching, and public service missions of the University through external funding.

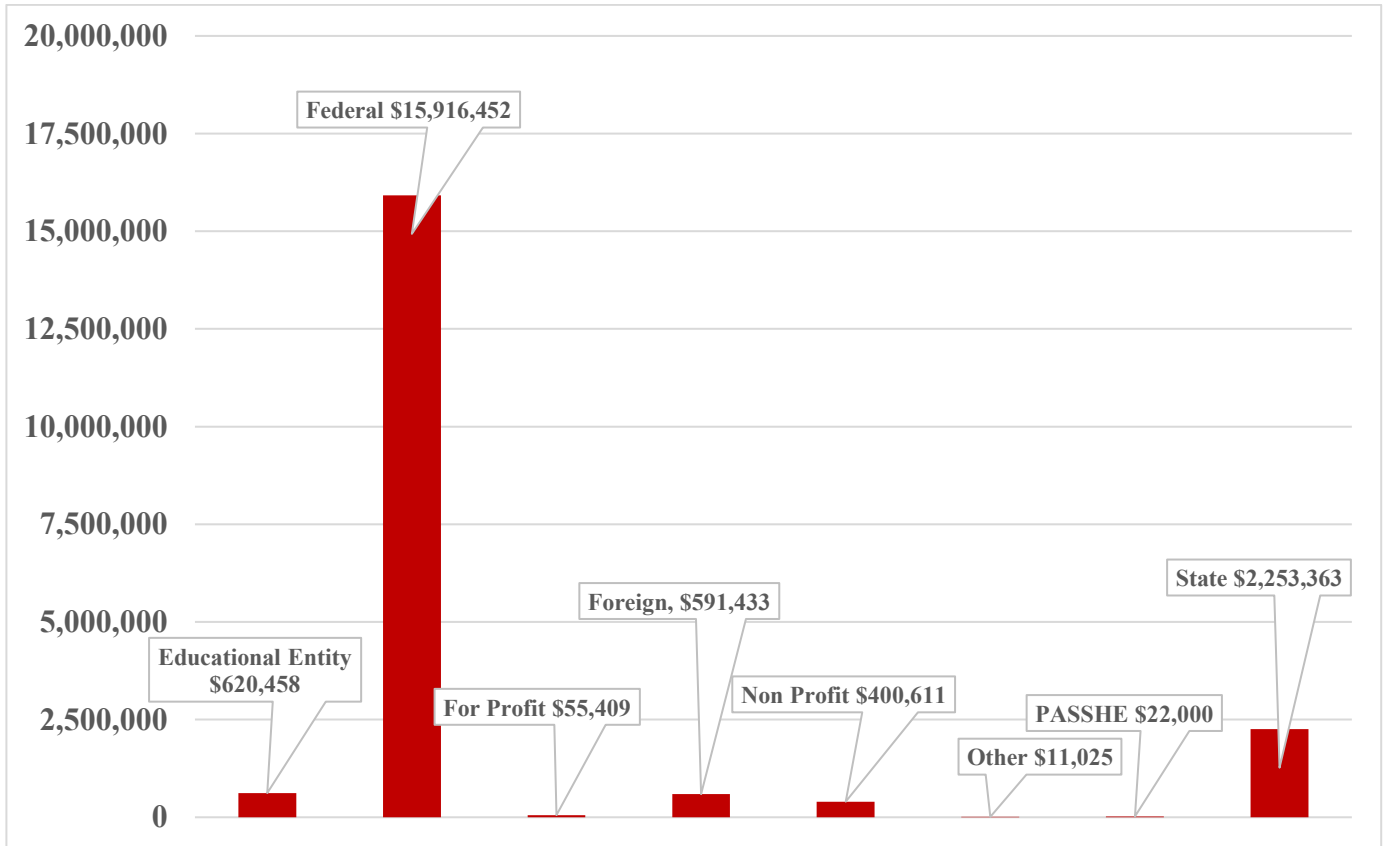

This report is sectioned by award data, expenditure data, and proposal data. Note that expense data transcends multiple fiscal years and is dependent upon the period of performance and spend plans of each individual grant project. Many times, even with effective post-award management, activities performed differ from activities planned at the proposal stage. Changes in activities often result in modifications to the budget and expenses incurred. When these changes occur, the dollar amounts actually expensed can differ from the award expectations. In the case of cost-reimbursable grants (large majority), the dollar amounts actually expensed and received by the institution could be less than what was awarded by the funding agency (at least in the time frame covered by this report). In addition, award dollars are not ‘split’ by or among co-investigator(s). Therefore, the department/unit of co-investigators are not recognized in this report. Alternate reports are available upon request.

A multitude of offices, divisions, people, and efforts contribute to the success of research endeavors at IUP. Any comments, questions, or requests regarding this report should be directed to Dr. Tracy Eisenhower, Executive Director at tracye@iup.edu or 724-357-2223.

**IUP Sponsored Activity Awards:
2-year comparison
FY2021 – 2022 to FY2022 - 2023**

Awards by Originating Funding Source

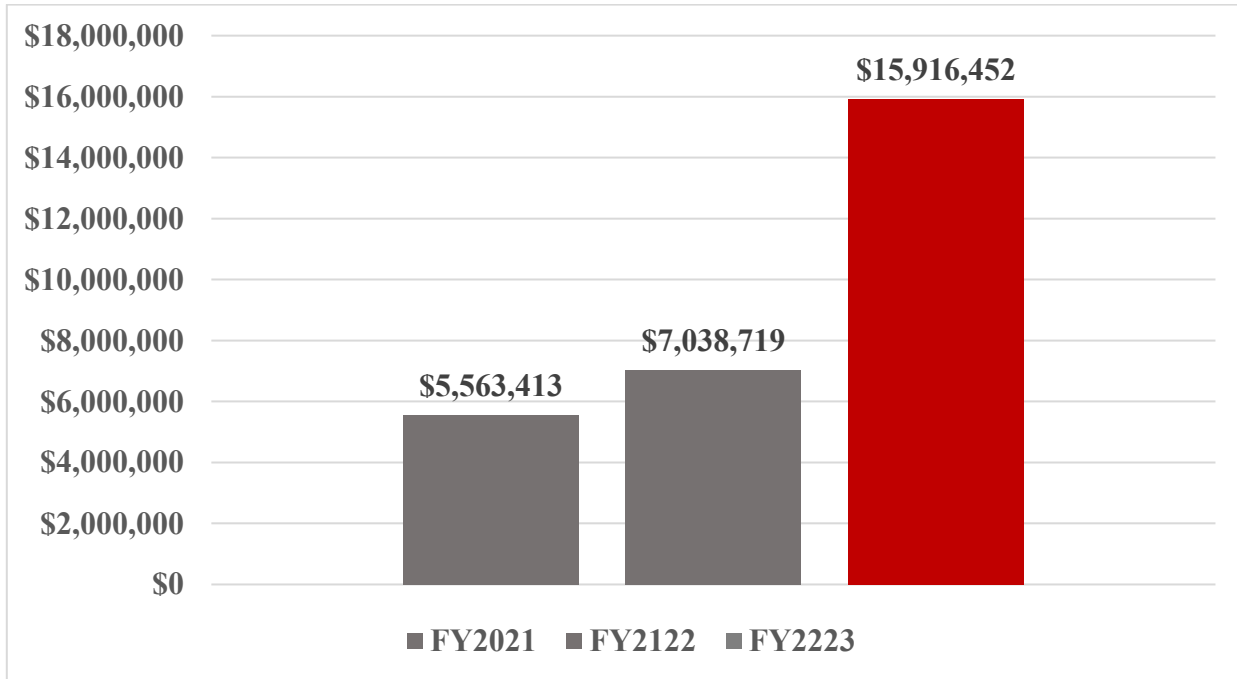

IUP received 80% of its award dollars from the federal government (\$15,916,452), with the U.S. Department of Defense ranking as the top federal funder at \$5,821,711. The U.S. Department of Labor came in second at \$1,968,900. The federal and state agencies combined (\$18,169,815) account for 91% of IUP’s externally sponsored funding in FY2223.

The top five agencies to fund IUP for FY2223 are:

Agency	Award
U.S. Department of Defense	\$5,821,711
U.S. Department of Labor	\$1,968,900
PA Department of Education	\$1,664,300
National Security Agency	\$1,628,746
U.S. Department of Commerce	\$1,500,000

FEDERAL AWARDS

Sixteen (16) unique researchers received 28 federal awards from 18 different federal agencies for a total of \$15,916,452 in FY2223.

FEDERAL & STATE AWARDS (Combined) Comparison

IUP FY Comparisons July 1 – June 30 (full fiscal year)

PROPOSALS SUBMITTED by deadline date

**2122 includes the \$11m DoD proposal (W Farag)*
**2223 includes the \$4.1 Larkin to NFWF (highest award for 2223)*
**61 unique researchers submitted 116 proposals*
**Avg proposal value = \$252,773*

AWARDS RECEIVED by project start date; obligated value

**2223 includes \$4.9 Farag DoD award (highest award 2223)*
**45 unique researchers received 76 awards*
**Avg award = \$261,457*

IUP's Million Dollar Club for Fiscal Year 2022-2023

Kopchick College of Natural Sciences & Mathematics	\$15,031,482
Institute for Information Assurance	\$ 6,454,107
Department of Biology	\$ 3,305,836
Department of Safety Sciences	\$ 2,439,728
College of Education & Communications	\$ 1,751,473
Center for Career & Technical Personnel Preparation	\$ 1,557,766
Department of Mathematics & Computer Science	\$ 1,500,000
College of Health & Human Services	\$ 1,383,037

Eight (8) units on campus boast the honor of membership in “IUP’s Million Dollar Club” for Fiscal Year 2022-2023.

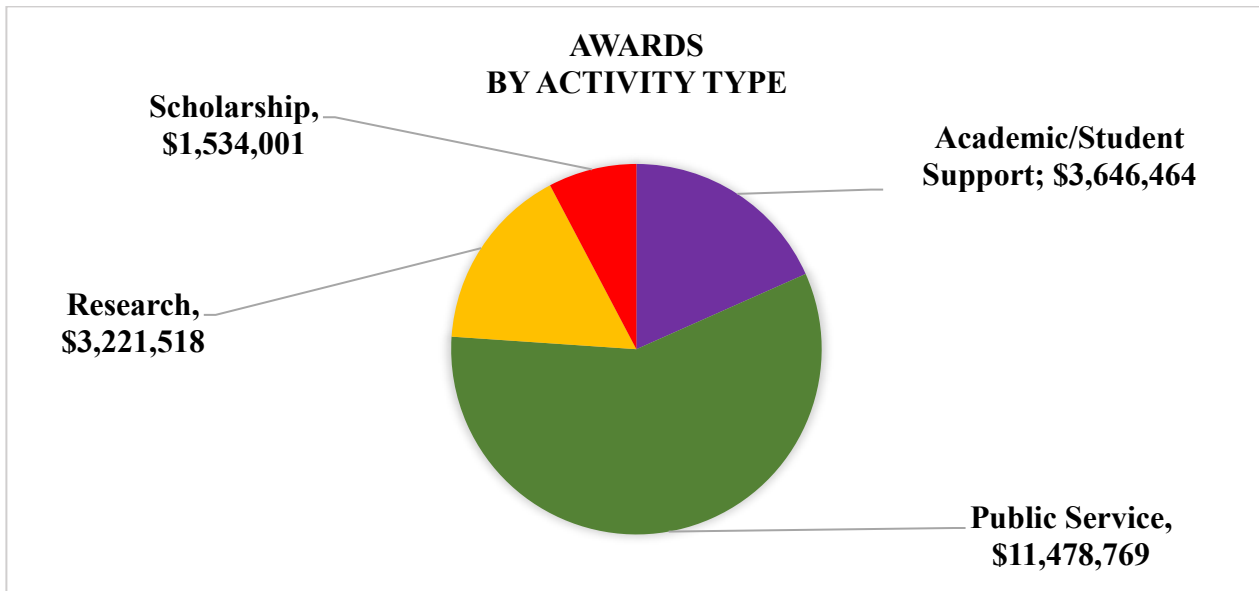

Colleges, Departments, Divisions, and Centers/Institutes are included individually in the “Million Dollar Club” to fully recognize all researchers contributing to the overall success of IUP’s research portfolio. Therefore, for this specific chart, Departments and Centers & Institutes dollars are included in their respective college totals as well.

IUP's Top 10
Awards for Fiscal Year 2022-2023

1. Farag, Waleed: A Collaborative PA-Wide Community College Consortium for Enhancing STEM and Cybersecurity Education	\$4,981,875
Sponsor: U.S. Department of Defense	
2. Mulroy, John: PA OSHA Consultation 2022-2023	\$1,968,900
Sponsor: U.S. Department of Labor	
3. Adkins, Frederick: ARM Makerspace	\$1,500,000
Sponsor: Advanced Robotics for Manufacturing Institute	
4. Murdoch, Monica: Career and Technical Education Preparation	\$1,264,316
Sponsor: PA Department of Education	
5. Larkin, Jeffrey: NRCS Forest Science	\$1,200,000
Sponsor: Natural Resources Conservation Service	
6. Farag, Waleed: An Innovative and Immersive Chinese Language Pilot Summer Program for Cybersecurity College Students	\$ 996,350
Sponsor: National Security Agency	
7. Orth, Robert: PCCD Program Evaluation, Research, and Data Analysis Support Services	\$ 934,658
Sponsor: PA Commission on Crime and Delinquency	
8. Travis, Holly: IUP Crimson Hawks Advance and Retain Great Educators	\$ 694,169
Sponsor: National Science Foundation	
9. Farag, Waleed: CySP for Recruiting High Achiever Cybersecurity Students	\$ 636,702
Sponsor: U.S. Department of Defense	
10. Farag, Waleed: Innovative Autonomous Risk Detection & Mitigation	\$ 484,555
Sponsor: National Security Agency	

CONGRATULATIONS TO
 IUP'S "TOP 10"!
