

School Psychology Internships

We want YOU to make a difference in the lives of children and families!

What can you expect from an internship at Heartland AEA?

- Intensive, two-year on-boarding and induction process.
- Layered levels of support including individual and group supervision, mentoring and coaching.
- Extensive professional learning aligned to the NASP Practice Model domains.
- A multi-disciplinary team structure.
- Opportunities to pursue various career paths within the Agency.

As an intern, you're a full-time employee (with benefits)!

- Interns are full-time staff and receive a full salary and benefits package.
- Interns earn a starting salary of \$49,228 for a 192-day contract.
- Paid single coverage for medical, prescription drug and dental insurance provided.

What Our Interns Say...

“ As an intern, I received an abundance of support. I was provided with new staff training to ensure I had the knowledge and resources necessary to start the school year feeling prepared. Throughout the year, I always felt there was someone I could reach out to for consultation. The Heartland AEA team welcomed me with open arms and ensured that I continued to grow in my competence and practice as a school psychologist. ”

Megan Mastbergen
School Psychologist,
2017-18 Intern

About Heartland AEA

Heartland AEA is an intermediate education agency serving 53 school districts and 30 accredited non-public school in Central Iowa.
