Alverno College is a private liberal arts college with an internationally acclaimed ability-based program and diverse student body. Our low instructor-to-student ratio and collaborative faculty contribute to a positive learning environment. We provide students with real-life, hands-on experiences in the classroom, in study abroad opportunities and in professional internships related to their major. These experiences, among others, have resulted in Alverno College being recognized among the top four Midwest Regional Universities in the 2018 *U.S. News & World Report* “Strong Commitment to Teaching” category for the eighth consecutive year.
