

SCHOOL PSYCHOLOGY INTERN POSITION 2020-2021 ENVIRONMENTAL CHARTER SCHOOL

The Environmental Charter School is seeking a qualified School Psychology Intern to work as an integral member of the Special Education and Student Service teams for the 2020-2021 school year.

Applications for a full-time (1200 clock hours) school psychologist (specialist level) intern will be accepted. The School Psychology Intern will receive a stipend of \$20,000. Interns will be supervised by a Nationally Certified School Psychologist and follow the National Association of School Psychologists Internship Model.

The intern will gain experience and have responsibilities in the following areas:

- Professional staff development, pre-referral consultation, individual and group counseling, psychological evaluations/re-evaluations for special and gifted education, gifted screening, and consultation for Individualized Education Plans.
- Utilize knowledge of school practices and general and special education to promote learning and mental health (e.g., response to intervention/MTSS and positive behavioral interventions and supports).
- Demonstrate the ability to work in collaboration with the special education coaches, teachers, and administrators to complete student support services at all levels.
- Conduct behavioral observations and functional behavior assessments to support student behavior and help provide recommendations to staff.
- Consult and collaborate with colleagues, students, families, and other professionals to promote effective implementation of services.

Application packets should contain a cover letter, resume, transcripts, and two letters of recommendation. Materials may be sent electronically to the below email address or via mail to:

Maryssa McGuire, School Psychologist
Environmental Charter School
5525 Columbo St.
Pittsburgh, PA 15206

For further questions, please call 412-247-7970x119 or email maryssa.mcguire@ecspgh.org.

Deadline for application must be submitted by January 15, 2020.
