## Description of the Ossining Union Free School District

Ossining Union Free School District, located 25 miles north of New York City, offers unique experiences for doctoral and masters level interns. Interns have the opportunity to work with an ethnically and economically diverse student body. Two way

bilingual immersion programs (English-Spanish) are available to students in grades PreK-6th.

The Ossining Schools are organized using the Princeton Model, which promotes integration within the community. Internships are available across

a variety of grade levels, PreK-12th grades.
