II. Approval of Minutes from April 14, 2014 Curriculum Committee Meeting

On a Greenawalt/Freda motion, the minutes for April 14th were approved.

III. Co-Chairs Report (Committee was updated by email about the following)

- the Women and Gender Studies catalog description which represented the entire committee's work was put on the Senate agenda—only references to we and our were removed. At the request of the director the XXX 281 & 481 were kept in the program. The WGS committee defiantly wanted to delete the old WMST 430.
- On the MATH 448 Francisco said that he had met with Economics last week.
- On the ELR/HOSP it will only be HOSP 411.
- the title for the Music BA program was an old title--it is now just the BA=Music no General Studies Track.
- On the COSC tracks we found some places where the numbers were incorrect on the old side and the title for COSC 380 was wrong in the program descriptions and it did not match the title in the course description section of the catalog so the approvals were changed to provisional.
