III. Co-Chairs Report

Welcome & Updates on Minors

There are three issues with minors that the UWUCC co-chair and Mocek worked on this summer. There are still some minors that are less than 18 credits and they were reminded in July and again this week. Remember that we heard that the BOG might be approving a policy that minors need to have at least 6crs at the 300-level or above; this policy was approved at their April meeting and they want it changed by the end of this academic year. Lastly remember while reviewing the MIS minor in April Mocek was concerned whether courses in the Business Core could also count in the minor. The system confirmed that it is their policy that a course cannot count in both the student's major and their minor. Double dipping with Liberal Studies and the minor is allowed. Departments are being notified about anyone of these issues that pertains to their minor.

SCAT—Mark Staskiewicz and David LaPorte provided an overview of the Summer Curriculum Action Team's work. They will be visiting other committees and groups this week and in September to collect feedback. All of the documents are on the web under Academic Affairs for any faculty to view under the Curriculum Approval Process link as well as being on the UWUCC global drive, and each member was given a paper copy. At the end of the meeting the committee agreed to have an extended University Wide Undergraduate Curriculum Committee meeting on September 16th 2014 to begin discussion of the SCAT proposals. Subs will be ordered.
