- I. Call to Order  
Meeting started at 3:30pm
- II. Approve minutes from March 9, 2021 with all of the corrections included in the last revised version.  
--Approved on a Greenawalt/Black Motion
- III. Co-Chair's Report  
--Welcomed our new student committee member Michcayla Schambura. Co-Chair Sechrist also discussed changes to the minutes from our 3/9 meeting.
- IV. Liberal Studies Report  
-- Liberal Studies report is included throughout the minutes as noted under appropriate proposals.
- V. Items for Consideration and Possible Approval
  - a. 20-230 ANTH 272 Culture Area: China, distance education  
-- There should be a ":" in-between "Area and China in the title. The instructor needs to provide a further description of their qualifications in Anthropology.  
-- Provisionally Approved on a Black/Fair Motion
  - b. 20-227 CHSS 482 Big Ideas Internship, new course  
-- The number 482 is designed for "independent studies." Most internship courses use the number 493. The certificate is listed as 15 credits, however, with the variable credit option (1-3) would potentially affect the total.  
-- There is a concern about the use of the word "internship" in the title due to the non-traditional nature of this experience vs. a traditional internship in a corporate (or other) setting under supervision. A title of "capstone" may be a better fit. The title has the word Capstone in the Certificate proposal.  
-- In the prerequisite the word minor should be certificate  
-- In the second outcome line the first two words are run together.  
-- Return on a Greenawalt/Ali Motion
  - c. 20-221 Big Ideas: Transformative Culture and the Professions Certificate, new certificate  
-- Remove the ":" between all the course numbers and the first word of the title; it should be a free standing "-"  
-- All prerequisite courses should be removed (not able to be listed in catalog).

- There is a lot of overlap between the different tracks as well as with the first large group of courses.
  - Would it be possible for a student to complete multiple tracks?
  - Also, because of the multiple discipline areas involved, there may be a challenge for the capstone class to tie everything together.
  - There were questions about the purpose of the certificate and can it meet those goals with such a long list of possible combinations that could be taken.
  - There is a concern surrounding the very long list of courses and the congruency/ connection between them. It is recommended that the list of courses be reduced.
  - Postponed and requested that a Big Idea's committee member attend a future meeting to address the committee's concerns.
- d. 20-224 K-12 Teacher Education Track, Health and Physical Education, BSED, program revision
