 - MATH - 107/108 is primarily for Business majors and this minor is for non-business minors. Suggestion would be to allow any liberal studies math.
 - FIN - 300 is Personal Finance - it was recommended that (if possible) allow another finance class option.
 - Why is ECON 122 there with it included the minor does not add up to 21.
 - The committee also was informed that KHSS has concerns with the current layout of the program—especially the Math since it would be difficult for their students, many of whom take this minor.
