Rationale for Proposed Changes (All Categories)

(A) Why is the course being revised /deleted:*	PASSHE requires that minors contain at least 6cr of courses at the 300-level or above. The Chemistry Department believes that Organic Chemistry II should serve as a 300-level course for the minor, and so we wish to change the course number to CHEM 323. Additionally, for American Chemical Society certification, Organic Chemistry II is an advanced-level course, which should be at the 300-level or above.

(B) University Senate Summary of Rationale*	<p><i>Please enter a single paragraph summary/rationale of changes or proposal for University Senate.</i></p> <p>It is quite common for 300-level courses at IUP to have only one or two introductory courses (typically 3cr each) as prerequisites, and to be taken by sophomores in their respective majors. Organic Chemistry II (now CHEM 232) requires three demanding, 4cr courses, General Chemistry I and II, and Organic Chemistry I, and it is taken by chemistry majors in the sophomore year. The Chemistry Department believes that Organic Chemistry II is legitimately a 300-level course, and so the designation should be changed to CHEM 332.</p>
(C) Implications of the change on the program, other programs and the Students:*	<p>Other than meeting the PASSHE requirements for the minor, and the expectations of the American Chemical Society, there are no other implications for this number change.</p>
