Part III
Course Analysis Questionnaire

Section A: Details of the Course

- A1 How does this course fit into the programs of the department?
This course will add to the competencies in sign language required in the program in Education of the Deaf and Hard of Hearing Persons.
- For what students is the course designed? (majors, students in other majors, liberal studies).
EDHL certification students.
- Explain why this content cannot be incorporated into an existing course.
The existing three sign language courses and the two other proposed are needed to develop basic sign language skills in new teachers of deaf students. The inclusion of this course is necessary to expand the Manually Coded English component to those graduating and being certified in this area.
- A2 Does this course require changes in the content of existing courses or requirements for a program?
No.
- A3 Has this course ever been offered at IUP on a trial basis (e.g. as a special topic)? If so, explain the details of the offering (semester/year and number of students).
No.
- A4 Is this course to be a dual-level course? If so, please note that the graduate approval occurs after the undergraduate.
No.
- A5 If this course may be taken for variable credit, what criteria will be used to relate the credits to the learning experience of each student? Who will make this determination and by what procedures?
N/A
- A6 Do other higher education institutions currently offer this course? If so, please list examples (institution, course title).
No.
- A7 Is the content, or are the skills, of the proposed course recommended or required by a professional society, accrediting authority, law or other external agency? If so, please provide documentation.
Specific skills in manually coded English are not part of the requirements of the Council on Education of the Deaf.

Section B: Interdisciplinary Implications

B1 Will this course be taught by instructors from more than one department? If so, explain the teaching plan, its rationale, and how the team will adhere to the syllabus of record.

No.

B2 What is the relationship between the content of this course and the content of courses offered by other departments?

None.

Summarize your discussions (with other departments) concerning the proposed changes and indicate how any conflicts have been resolved. Please attach relevant memoranda from these departments that clarify their attitudes toward the proposed change(s).

N/A

B3 Will this course be cross-listed with other departments? If so, please summarize the department representatives' discussions concerning the course and indicate how consistency will be maintained across departments.

No.

Section C: Implementation

C1 Are faculty resources adequate? If you are not requesting or have not been authorized to hire additional faculty, demonstrate how this course will fit into the schedule(s) of current faculty. What will be taught less frequently or in fewer sections to make this possible? Please specify how preparation and equated workload will be assigned for this course.

Currently three one-credit sign language courses are taught twice a year. We will be reducing their offerings generally to once a year and adding three additional one-credit courses.

C2 What other resources will be needed to teach this course and how adequate are the current resources? If not adequate, what plans exist for achieving adequacy? Reply in terms of the following?

*Space: No additional space is needed beyond the usual rooms available to the department for scheduling classes and the sign language lab, which already exists.

*Equipment: Already committed to the sign language lab.

*Laboratory Supplies and other Consumable Goods: Tapes will be provided by students and through ESF funds.

*Library Materials: The library materials needed are minimal.

*Travel Funds: N/A.

- C3 Are any of the resources for this course funded by a grant? If so, what provisions have been made to continue support for this course once the grant has expired? (attach letters of support from Dean, Provost, etc.)
N/A
- C4 How frequently do you expect this course to be offered? Is this course particularly designed for or restricted to certain seasonal semesters?
Once a year. No specific semester is in the design.
- C5 How many sections of this course do you anticipate offering in any single semester?
One.
- C6 How many students do you plan to accommodate in a section of this course? What is the justification for this planned number of students?
16 The amount of individual attention required in this course as well as the sign language laboratory space will not allow for larger classes.
- C7 Does any professional society recommend enrollment limits or parameters for a course of this nature? If they do, please quote from the appropriate documents.
No.
- C8 If this course is a distance education course, see the Implementation of Distance Education Agreement and the Undergraduate Distance Education Review Form in Appendix D and respond to the questions listed.
N/A

Section D: Miscellaneous

Include any additional information valuable to those reviewing this new course proposal.

This course is proposed to make IUP's teacher education program in the area of teaching deaf and hard of hearing students unique in its preparation of sign language skills of new teachers.
