 Liberal Studies

## **Part II. Description of Curriculum Change**

### **1. Catalog Description**

#### **GEOS 152 Physical Resources of the Earth**

**(3c-01-3cr)**

Prerequisite: No Geoscience majors or minors.

An introduction to mineral, energy, and water resources of the earth; genesis of ore depositions; exploration, exploitation, and utilization of resources; impact of exploitation of resources on the environment and on humankind.

### **2. Proposed Changes**

Old Catalog Description:

#### **GEOS 252 Physical Resources of the Earth**

**(3c-01-3cr)**

Prerequisite: No Geoscience majors or minors.

An introduction to mineral, energy, and water resources of the earth; genesis of ore depositions; exploration, exploitation, and utilization of resources; impact of exploitation of resources on the environment and on humankind.

Proposed changes include a change in course number.

### **3. Justification/Rationale for Proposed Changes**

The change in course number is proposed to be consistent with the Geoscience Department's new program where all introductory level courses for non-majors are numbered as 100-level courses. The use of GEOS 152 as a course number has been cleared by Marcy Rearick in the registrar's office.

## **Part III. Letters of Support or Acknowledgement**

No other departments or programs are affected by this change.
