Indiana/IUP Student Residents

Indiana, Pa 15701

Safety Partnership

Friends,

The safety and wellbeing of everyone is our priority. You will notice an increase in police presence through town in the coming weeks as warm weather continues and celebratory gatherings increase around Homecoming. We are all safer when working together. Your support of us is important and is always appreciated. We are here for you- never against.

As opportunities to gather increase, keep these things in mind:

- Some of our visitors do not share the same sense of community pride and responsibility.
- Not everyone we meet has our best interests at heart.
- Even the best intentions of many can be subverted by the actions of a few.
- Intoxication impairs judgment.
- Gathering on rooftops is unsafe and prohibited.
- Our neighbors cannot avoid being impacted by loud indoor and large outdoor events.
- If you see something suspicious or feel something isn't right, report it immediately.

Sincerely,

Chief Justin Schawl | Lieutenant Chris Terrana | Sheriff Robert Fyock | Chief Tim Stringer
