

SUPPLEMENTAL INSTRUCTION SCHEDULE SPRING 2023

SI sessions are offered for select introductory-level courses, primarily in natural sciences and required for majors. Peer leaders assist students with how to learn course content via active, collaborative learning. In sessions, you will review lecture notes, clarify text material, and prepare for exams as a group.

CHEM 103-A01 Intro- Chemistry/Health Sciences *McElory*

Sydnee Elick, SI Leader

Tuesday and Thursday

6:00 - 6:50pm

Stabley Library, Room 103K
